***(Updated Information Appears in RED Font)**

RFP Issue Date: Wednesday, July 13, 2016

Proposal Due Date: Tuesday, August 2, 2016 at 4 PM ET

I. INTRODUCTION

Goal of the RFP

The Urban Redevelopment Authority of Pittsburgh (URA) is accepting competitive proposals from experienced property maintenance firms to perform year-long maintenance of its vacant property real estate portfolio. Approximately 1,100 properties are involved and located throughout the City of Pittsburgh (the "City"). A listing of properties is included in this proposal package ('**Exhibit C**') and is also available for review online for those companies wishing to submit a proposal. The initial contract period will be for one (1) year. The properties are subject to change minimally by the URA throughout the contract period as URA ownership changes.

A **mandatory** pre-proposal meeting for all contractors who wish to submit a proposal will be held on Wednesday, July 27, 2016 at 10 AM ET in the 11th Floor Conference Room at the URA, 200 Ross Street, Pittsburgh, PA, 15219. **A direct representative *must be in attendance* of any firm wishing to submit a proposal as lead contractor.** Hard copies of the Property Maintenance RFP and property bundles will be available for distribution at this briefing.

A prior RFP was released for approximately 350 parcels of vacant land. The previously awarded parcels are not part of this RFP.

Scope of Work

The LandCare Tier 1 RFP will be for the majority of parcels in URA ownership. The URA property maintenance is a 52 week/year effort. Maintenance of the properties includes, but is not limited to, removal and disposal of debris, cutting of grass and general overgrowth, removal of trees, snow removal and deicing of sidewalks and drives, sealing and repair of structures, response to emergency situations, and clean-out of non-hazardous materials from lots, all on an as-needed basis. All properties must be cleaned, cut and maintained every six weeks at a minimum. Snow removal and deicing will occur on an as-needed basis. A schedule of property maintenance must be submitted after award of the contract.

The selected contractor must provide all labor, tools, equipment, materials, and technology needed to carry out the described work. Subcontracting of any work cannot be done without the written consent of the URA.

The selected contractor must utilize the required web and mobile-based software for reporting all activities to allow the URA the opportunity to verify completed work, which will be demonstrated at the mandatory pre-proposal meeting. Monthly invoices must be submitted to the URA by the 15th day of the following month for review and payment. The contract term will be September 1, 2016 to August 31, 2017 (12 months).

The City of Pittsburgh ("City") may choose to purchase services resulting from this RFP cooperatively with the URA, per Resolution # 797, effective December 18, 2015, authorizing City participation in agreements for purchase entered into by Authorities.

- The selected contractor shall purchase and maintain the following insurance coverage and minimum limits during the contract period. A certificate of insurance specifying these coverages must be provided at the time of award.
