

**PLEASE KEEP
BID SHEETS IN
ALPHABETICAL
ORDER.**

**BIDS WILL BE
DISQUALIFIED IF NOT IN
ALPHABETICAL ORDER**

**RETURN ALL BIDS TOGETHER IN A ENVELOPE
ADDRESSED TO THE CITY CONTROLLER.**

THE ENVELOPE MUST BE SEALED!

CITY OF PITTSBURGH

Department of Public Safety and *Bureau of Building Inspection*

William Peduto, Mayor

Stephen A Bucar, Director of Public Safety

October 28, 2014

As of January 1, 2002 regulations regarding the completion of all bids for the demolition and removal of condemned buildings or structure as follows:

1. All letter bids must be received at the Controller's Office by the specified date and time in a sealed envelope with the enclosed **DEMOLITION BID REQUEST** sheet firmly attached to the envelope. If not, the bid package will be rejected and will not be opened.
2. All specifications must be returned to the Controller's Office **ON LEGAL SIZE PAPER.**
3. There are to be **NO ERASURES** on bid form. Any noted erasures will render the bid form null and void.
4. All bid forms must contain **ORIGINAL SIGNATURES**. Any forms received with a **xerox** copy of a signature will render the bid form null and void.
5. "Bidder Contract Price" must be typed or printed. The written amounts must be spelled out with the numbered amounts at the end. **Example: Five thousand, four hundred fifty dollars (\$5,450.).** Any bid not following this procedure will be rendered null and void.
6. There will be **no faxing of bills**. The **original** dump slips, plumbing slips (**yellow copy**) and extermination certificates must be with the bills when they are turned in at the end of the job before final payment is made. **If any of these papers are missing, payment of your bills will be held until completion of paper work.**
7. Contractor **MUST** make a **PA-ONE CALL** before starting demolition.
8. Once notified that you have been awarded the demolition contract **INSURANCE CERTIFICATES MUST BE RECEIVED BY THE BUREAU OF BUILDING INSPECTION WITHIN ONE WEEK; OTHERWISE, THE NEXT LOWEST BIDDER WILL BE AWARDED THE CONTRACT.**
9. Late fines will be enforced.

Paul Loy
Demolition Manager

EXTERMINATION POLICY

RODENTS & ROACHES

BEFORE DEMOLITION WORK IS COMMENCED, THOROUGH AND EFFICIENT MEASURES SHALL BE PURSUED IN ORDER TO PREVENT THE MIGRATION OF RODENTS AND OTHER PESTS BY EXTERMINATING THEM FROM ALL STRUCTURES TO BE DEMOLISHED.

THE FOLLOWING MINIMUM REQUIREMENTS APPLY:

- A. EMPLOY ONLY EXPERIENCED EXTERMINATORS.
- B. DISPLAY WARNING SIGNS IN CONSPICUOUS PLACES.
- C. THREE DAYS PRIOR TO BEGINNING DEMOLITION OF ANY BUILDING, BAIT SHALL BE DISTRIBUTED. NO DEMOLITION OF ANY NATURE SHALL BEGIN BEFORE THE LAPSE OF THREE DAYS FROM THE DISTRIBUTION OF BAIT.
- D. METHODS AND MATERIALS USED FOR BAITING SHALL MEET WITH THE APPROVAL OF THE ENVIRONMENTAL PROTECTION AGENCY AND SHALL BE USED IN ACCORDANCE WITH THE MANUFACTURER'S LABEL INSTRUCTIONS.

PROOF OF EXTERMINATION BY AN EXPERIENCED EXTERMINATOR MUST BE SUBMITTED TO THE BUREAU OF BUILDING INSPECTION AND VERIFIED COMPLETE PRIOR TO ANY DEMOLITION WORK.

GUIDANCE FOR DEMOLITION

ASBESTOS

INTRODUCTION: This document is to provide guidance to building owners, municipal officials, authorities and contractors planning for the demolition of a building and compliance with County, State and Federal (EPA) Asbestos Regulations. The wrecking or taking out of any load-supporting structural member of a facility is demolition. In general, asbestos regulations do not apply to single family homes.

WHAT BUILDINGS DO REGULATIONS APPLY?

A facility (building) means any institution, commercial, public, industrial, and residential structures of five dwelling units or more. Where any residential structure (four dwelling units or less) is acquired by and contiguous to an existing institution, commercial, public, industrial facility or acquired for redevelopment/highway right-of-way asbestos regulations may apply.

WHAT SHOULD BE DONE?

A facility (building) to be demolished **must first be inspected** (Federal EPA requirement) to determine if it contains asbestos by a person licensed (inspector) by the Pennsylvania Department of Labor and Industry to do this work. A Commonwealth of Pennsylvania Asbestos Abatement and Demolition/Renovation Notification Form (four page-three part, NCR carbonless form **OR** xeroxed in triplicate) and the inspector's asbestos survey report must be completed and submitted ten (10) days prior to demolition starting for **ALL** buildings requiring inspection whether or not any asbestos is found.

WHEN ARE PERMITS REQUIRED?

If the facility (building) contains 160 square feet or more of asbestos and/or 260 linear feet of small diameter asbestos covered piping a permit from the Allegheny County Health Department is required and the asbestos must be removed prior to demolition.

CAN A STRUCTURE BE BURNED?

The structure must be inspected for asbestos and, if present, removed prior to burning. Burning is generally limited to fire fighting exercises. A Burn Permit must be obtained from the Allegheny County Health Department - 578-8111.

October 27, 2000

It has been brought to the attention of this office once the registered plumber caps off openings in the underground piping systems in house or buildings that have been demolished, the City of Pittsburgh's requirement is to break up the concrete floor for the purpose of draining.

Allegheny County Health Department is in agreement with the City of Pittsburgh, attempting to relieve any water built up in the demolished foundation. However, ACHD allowing the plumber to cap off the openings it is defeating what the City and ACHD are trying to obtain, less ground water filtration from entering the abandoned lateral.

Effective November 15, 2000

- (1) Any/all plumbing permits submitted to the ACHD Administrative Authority, will require the lateral to be **exposed, capped or plugged** inside the building exiting the foundation wall or outside the building.
- (2) Any/all rain conductor(s) whereby the ACHD cannot determine the means of disposal, must be capped 6" underground.
- (3) Water lines must be capped, either entering the building or any location outside.

Furthermore, the Administrative Authority, (ACHD Plumbing Inspectors) conducting such inspections have been authorized to use their judgment prior to entering any abandoned properties.

In the event the inspector deem any property unsafe to enter, the structure will have to be demolished, after which an inspection will be conducted.

Further inquiries on this issue, feel free to call, write or fax this office. Thank you.

Sincerely,

Timothy M. Mahoney
Plumbing Inspector Supervisor
Clack Health Center
