

# Third Avenue Bike Station

Unused space on the ground level of the [Pittsburgh Parking Authority's](#) Third Avenue Garage is transformed into 50 new parking spaces for cyclists just one block from Market Square

The bike station includes two areas: a free, public area that offers a bike fix-it area and space for approximately 30 bikes, as well as a premium parking area available by annual lease (\$100/year) that offers secure, weather-protected storage lockers and parking for up to 24 bikes.
