

CITY OF PITTSBURGH

"AMERICA'S MOST LIVABLE CITY"

Office of Mayor Luke Ravenstahl

June 12, 2013

Dear Students,

I am pleased to announce the second session of my **Civic Leaders for an Environmentally Alternate Future (LEAF) Academy**, a free summer program that provides an interactive opportunity for high school students to learn about how City government helps keep Pittsburgh "green."

From behind-the-scene tours, to hands on workshops and professional demonstrations, Civic LEAF Academy students develop a unique view of Pittsburgh. Each day of the five week program offers personalized hands-on, up-close view of how City government, community organizations, local businesses, universities and other organizations work together to keep our city, Pittsburgh, America's "Most Livable City."

If you would you like to learn more about local government and environmental protection, this is your chance to be a Civic LEAF! Please review the attached information and application to find out how you can get involved. More information about the program is also available at pittsburghpa.gov/green/civicleaf I hope you choose to take advantage of this exciting opportunity!

Sincerely,

Luke Ravenstahl
Mayor, City of Pittsburgh
