GREEN CENTRAL STUDENT DESIGN COMPETITION

The City of Pittsburgh wants your help! You're invited to design the new "Green Central" - Pittsburgh's first communications hub for sustainable information. Green Central will be a place for students, residents and City staff to obtain all green-related information.

Successful designs will include space dedicated to:

- recycling pick-up and drop-off
- 3 research computers
- displays for standard and electronic information such as: posters, brochures, event awareness, resource guides, photos, program applications, etc.

The project design budget is \$25,000. Green Central will be located on the sixth floor of the City-County Building.

Those interested in participating are encouraged to attend the Green Central Design Competition Information Session.
