

MAYOR LUKE RAVENSTAHL INVITES YOU...

—*Tuesday May 15, 2012*—

Mayor Ravenstahl invites Pittsburgh's Bicycle Community to join him in unveiling the City of Pittsburgh's first on-street bicycle corral on May 15th at 12 p.m. at the Over the Bar Bicycle Cafe.

On-street bicycle corrals have proven to increase parking capacity while encouraging people to bike. Bicycle corrals increase parking capacity from 1-2 cars, to 12-24 bicycles - significantly raising the customer capacity in neighborhood business districts.

Making Pittsburgh even safer and more convenient to bike and walk has been a priority of Mayor Ravenstahl's. In 2010, Pittsburgh earned the Friendly Community Bronze status from the League of American Bicyclists and was named one of "America's top 50 bike-friendly cities" by Bicycle Magazine after being derided as one of the nation's worst only 20 years ago. By the end of 2012, the City will boast 600 new bike racks, 22 miles of scenic riverfront trails and almost 40 miles of on-street bike lanes. Other efforts include the City's first-ever comprehensive transportation plan, MOVEPGH, which will be comprised of three main components, including a bicycle/pedestrian plan.

For more information, contact the City's Bicycle/Pedestrian Coordinator, **Stephen Patchan**, at stephen.patchan@pittsburghpa.gov or **412-393-0150**.
