

CELEBRATE THE RAIN! RAIN BARREL WORKSHOP

—*Thursday, June 13, 2013*—

Learn how to construct a rain barrel and protect your watershed and water quality

You're invited to attend the Pennsylvania Resources Council's (PRC) workshop where you can will learn how to harvest rainwater from your roof, store it, and use it in your landscape. Take advantage of this free source of precious water while also helping to improved water quality in our rivers and streams.

Learn how to practice watershed protection and conservation in your own backyard. It's easier than you think! PRC's Watershed Awareness/Rain Barrel Workshop will raise your awareness of watershed issues, demonstrate how to assemble and install a retrofitted 55-gallon drum/rain barrel, and introduce other rainwater harvesting options.

Participants will receive the necessary hardware to assemble and install a rain barrel for rainwater harvesting and on-site usage. **You will also receive a FREE 55-gallon drum complements of Coca-Cola.**

For more information and/or to register call Nancy at (412) 488-7490 x247.

To register on-line go to:
