Chuck,
You and Nick NEED to see us ASAP on this issue.

Bill -

This order must be processed before the close of business on June 29th.

As part of the City's new JDE ERP financial system project, please order the Kronos time collection software and devices quoted in the 3-page attachment. Both the Mayor and the City Controller want to replace the current Ceridian outsourced payroll solution with the JDE ERP Payroll and automated time collection systems for the City's 3,300 employees by January 1, 2013.
