Aerial Device Specifications Clarifications to Specifications

Pg 31 PBF is purchasing most current model year.

Pg 49 Adjustable Scene Lights - Final location to be determined at pre-build. Specifications call for light on swivel base.

Pg 66 Forward Facing Crew Seats - A padded seat back shall be added to the diamond plate rear wall which shall extend from the seat cushion to an average firefighter's height.

Pg 67 NFPA allows for the Driver's gear to be stored in a compartment thereby eliminating the need for the fourth helmet holder.

Pg 71 Pittsburgh Halyard is a synthetic Halyard instead of natural rope that is their standard.

Small Equipment List - Please see below.
