

CITY OF PITTSBURGH  
REQUEST FOR PROPOSAL  
OPEN FINANCIAL SOFTWARE AND SERVICES

**I – Summary Information**

The City of Pittsburgh (City) is interested in a platform that hosts a “stand-alone” web-based service for financial and budget data to be utilized by internal and external users. This platform must allow for the upload of multiple-year, historic budgeted data while presenting the data in graphical (stacked line, trend line, pie graph, etc.) and tabular format. The data should be filterable and divisible by fund, department, or expense/revenue type. Furthermore, the platform must allow internal and external users the ability to 'drill down' to the object level and view data at various levels. All graphs and tables should be exportable as images or as spreadsheets for analyzing, presenting, or sharing. The term of services rendered to the City shall be 1 year.

Submission requirements include the following:
