- (1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- (2) Coverage for eligible members to age 21. Services will be paid according to the benefit category (e.g. speech therapy). Treatment for autism spectrum disorders does not reduce visit/day limits.
- (3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health/Substance Abuse benefit.
- (4) Services are limited to those listed on the Highmark Preventive Schedule. Gender, age and frequency limits may apply.
- (5) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (6) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If not, you are responsible for contacting MM&P. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
- (7) The formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. It includes products in every major therapeutic category. The formulary was developed by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. Your program includes coverage for both formulary and non-formulary drugs at the specific copayment or coinsurance amounts listed above. You are responsible for the payment differential when a generic drug is authorized by your provider and you purchase a brand name drug. Your payment is the price difference between the brand name drug and generic drug in addition to the brand name drug copayment or coinsurance amounts, which may apply.
- (8) Effective with plan years beginning on or after January 1, 2016 the Network Total Maximum Out-of-Pocket as mandated by the federal government must include deductible, coinsurance, copays, and any qualified medical expenses. The Total Maximum Out of Pocket cannot be more than \$6,850 for individual and \$13,700 for two or more persons.

This is not intended as a contract of benefits. It is designed purely as a reference of the many benefits available under your program.
NG W-PPO Effective 1/1/2016.
