## TRUE ODOR CONTROL THAT REALLY WORKS

Economical, EFFECTIVE control of unwanted odors in indoor areas.

Six SOLIDAIRE formulas to match any odor control situation:

- Four scientifically developed SOLIDAIRE odor counteractant formulas, each designed to counteract specific odor problems. All impart Airkem's famous air freshened effect.
- Two scented SOLIDAIRE odor counteractant formulas designed for use in areas where a light, pleasant citrus or spearmint end odor is desired.
- A variety of dispensing systems provide effective application of product in all situations.
- Neutralizes unpleasant odors
- Continuous treatment of air in occupied areas
- Convenient, non-spillable gel
- Versatile formulations for any application
- No olfactory desensitizers
- Not toxic, non-irritating, not flammable
- No heavy perfumes or masking agents
- Non-aerosol
- Airkem's famous air freshened effect
- Helps create a more pleasant environment

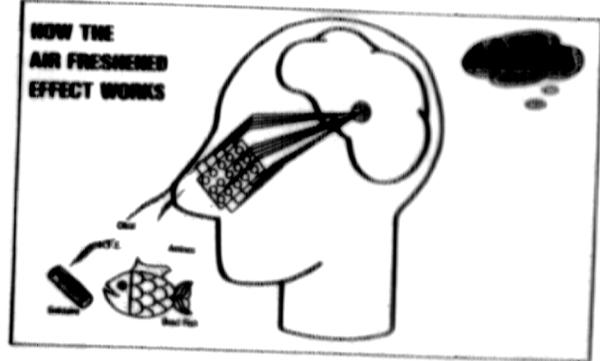

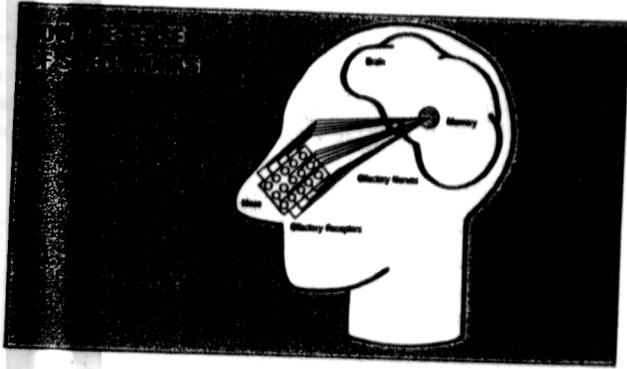

### Features

- Concentrated gel formula eliminates spillage and costly waste of liquid products.
- Solidaire's gel formula and equipment systems provide steady, *continuous* dispensing of odor counteractants—eliminate aerosol "highs and lows."
- Odor Counteractant formulas *eliminate* unwanted odors according to the principles of "Odor Pair Antagonism"—leave treated areas odor free and fresh smelling.
- Dispensing systems meet any need, areas from 100 to 4000 square feet and air handling systems from 15 to 50 tons.

### Benefits

- Ends costly clean-up and waste, saves money
- Economical, *cost effective* control of unwanted odors minimizes user cost.
- Makes treated areas more pleasant to be in, maintains public image and employee morale without leaving "tell-tale" cover-up perfume smell.
- Precise dispensing of odor counteractants reduces product consumption, saves money.

Airkem Professional Products has been the leader in odor-counteractant technology for over 40 years. See your Airkem representative for an explanation of how odor counteraction works. Ask for a professional evaluation of your odor counteraction requirements.
