

Red Oak Drive & Hayson Avenue – Sewer Improvement Project

PROGRESS AND LOOK-AHEAD:

- All underground work relative to the 84-inch pipe, including the dry-weather flow channel and lateral ties, is complete.
- Installation of new concrete sidewalks and curbing is complete.
- Remaining work includes concrete road base, lawn restoration, and surface restoration.
- Installation of concrete road base and lawn restoration is expected to be completed next week with surface restoration scheduled during the week of November 7th, 2016.
- The project is approximately 90% complete.
- The anticipated project completion date is November 2016, weather permitting.
