

Upper Lawrenceville Waterline Replacement Project – Phase 2

PROGRESS AND LOOK-AHEAD:

- To date, new 8-inch water main has been installed on Holmes Street, Carnegie Street, Keystone Street, 52nd, 54th, and 55th Streets, Duncan Street, Kent Way, and Poe Way (from Stanton Avenue to 52nd Street).
- To date, service lines on Holmes Street, Carnegie Street, Keystone Street, 54th and 55th Streets, Kent Way, and Duncan Street have been connected to the new 8-inch water main.
- During December, new 8-inch water main will be placed on Poe Way from 52nd Street to McCandless Avenue, and service line connections will continue.
- The project is approximately 90% complete.
- The anticipated project completion date is December 31, 2016.
