

Upper Lawrenceville Waterline Replacement Project – Phase 2

PROGRESS AND LOOK-AHEAD:

- To date, new 8-inch water main has been installed at all proposed locations.
- To date, service lines on Duncan Street, Holmes Street, a portion of Poe Way, and a portion of 52nd Street have been connected to the new 8-inch water main.
- To date, surface restoration has been completed on Carnegie Street, Holmes Street, Keystone Street, 54th and 55th Streets, and Poe Way from Stanton Avenue to 52nd Street.
- During January, service line connections on Kent Way, Poe Way, and 52nd Street will continue.
- Final surface restoration to be performed by others once weather breaks in the Spring.
- The project is approximately 95% complete.
- The anticipated project completion date is January 31st, 2017.
