

2018 Small Water Main Replacements – Millvale Borough

OVERVIEW - What is happening in your neighborhood?

- As part of ongoing efforts to address concerns with aging infrastructure, PWSA has developed a small diameter main replacement program.
- This project will replace the PWSA waterlines in the following locations:
 - Evergreen Avenue, between Klopfer Street and Friday Road
 - Friday Road, between Evergreen Avenue and Bismark Street
 - Bismark Street, between Friday Road and Vermillion Drive
 - Vermillion Drive, between Bismark Street and Heights Drive
 - Heights Drive, from Vermillion Drive connecting to existing Lanpher Rising Main
- Please see Page 2 for maps.

SCOPE - What can you expect?

- Replacement of approximately 2,500-feet of existing 4-inch, 6-inch, and 8-inch combination mains.
- The project will occur in phases beginning with surveys of the utilities and geotechnical investigations.

SCHEDULE - When will your neighborhood be affected?

- In February through April, survey crews will be out in the community collecting information and conducting geotechnical investigations.
- Future activities will include a community informational meeting and the construction activities required to replace the water main.
- Construction will not occur until early 2019.

FYI - How will your neighborhood be affected?

- Survey crews will be in the area collecting data along the streets and sidewalks.
- Machinery may be on-site to perform test digs and soil borings.
- Traffic is not expected to be disrupted during survey and field investigations.
- There will be no disruption to PWSA water service during this phase of the project.

With whom is PWSA coordinating?

- PWSA is working closely with our community partners and regulatory agencies to complete this project in a timely and efficient manner with the least amount of disruption as possible.
- We are coordinating with regulatory agencies such as PennDOT, Allegheny County, City of Pittsburgh, PADEP, Millvale Borough, Girty's Run Sewer Authority, and the Hampton-Shaler Water Authority System.

Who should you contact at PWSA?

- Should you have any questions or concerns, please do not hesitate to contact Bob Hutton, Design Project Manager, at 412.255.8631 or Bhutton@pgh2o.com.
