

Finland Street, Bethoven Street, and Melwood Avenue – Green Infrastructure Project

PROGRESS AND LOOK-AHEAD:

- PWSA is gearing up to resume construction in April of 2018. Geotechnical field crews will be onsite March 26 and 27 for soil samples at systems 2, 3, and 5 to test for groundwater infiltration. Parking will be restricted on both sides of Melwood and one side of Bethoven for about 150ft in either direction from each system. Construction is scheduled to resume in early to mid-April and traffic and parking will continue to be restricted during construction (details to come).
- Progress meetings with the project team continue regularly.
- The project is approximately 5% complete.
- The anticipated project completion date is late September 2018, weather permitting.
