

Smallman Street Waterline Replacement (21st – 23rd Street)

OVERVIEW - What is happening in your neighborhood?

- As part of its Capital Improvement Program, PWSA will perform a water line replacement on Smallman Street, between 21st – 23rd Street in the 2nd Ward of the City of Pittsburgh.
- Please see Page 2 for maps.

SCOPE - What can you expect?

- PWSA will upgrade approximately 600 feet of 8-inch waterline with 12-inch waterline and approximately 40-feet of sewer line at the intersection of Smallman and 21st Street.
- This work is in coordination with Peoples Gas to complete gas line replacement in the same area after waterline replacement is completed.

SCHEDULE - When will your neighborhood be affected?

- Work has commenced on this project.
- Anticipated construction completion – April 2019

FYI - How will your neighborhood be affected?

- The Contractor must implement and maintain erosion and sediment control measures, parking restrictions, traffic controls, while constructing water and sewer lines.
- Water service to customers will be maintained throughout the project. Planned water service interruptions will be performed with ample notice and should take less than 8-hours per occurrence.

- Please provide PWSA with updated contact information to allow for timely robocall communication by going to www.pgh2o.com and clicking “Update Contact Info”.
- Work is anticipated to occur up to 24 hours per day to complete work on schedule.
- Offsite material and equipment storage areas have been established for this work. Only public land, or private land with owner permission, shall be used and will be restored following project completion.
- Parking will be restricted on Smallman Street between 21st to 23rd Street during construction.
- No traffic will be allowed between 21st to 23rd Streets during construction.
- A pedestrian path will be maintained throughout the project.

With whom is PWSA coordinating?

- To date, PWSA has coordinated with private developers of the lot at 21st at Smallman Street, Peoples Gas, and the Office of Councilwoman Deborah Gross on this project.

Who should you contact at PWSA?

Should you have any questions or concerns, do not hesitate to contact Manda Metzger, Construction Project Manager, at 412.255.8800 x8518 or mmetzger@pgh2o.com
