## Independent Auditor's Report

Board of Directors  
Urban Redevelopment Authority of Pittsburgh

We have audited the accompanying financial statements of the Urban Redevelopment Authority of Pittsburgh (Authority), Mortgage Revenue Bond Program (Program) as of and for the year ended December 31, 2013, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Program, as of December 31, 2013, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 1, the financial statements present only the Program and do not purport to, and do not, present fairly the financial position of the Authority, as of December 31, 2013, the changes in its financial position or its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**Other Matter**

The Program has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## MORTGAGE REVENUE BOND PROGRAM

### NOTES TO PROGRAM FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2013

#### 1. REPORTING ENTITY

##### The Authority

The Urban Redevelopment Authority of Pittsburgh (Authority) was established in 1946 pursuant to the Pennsylvania Urban Redevelopment Law. In order to carry out its corporate purposes, the Authority has been granted the power to undertake programs to redevelop and improve blighted areas within the City of Pittsburgh. The Authority operates numerous programs in the conduct of its purpose, including the Mortgage Revenue Bond Program (Program).

##### Cash Equivalents

Cash equivalents are comprised of money market accounts with a maturity date within three months of the date acquired by the Authority.

##### The Program

The purpose of the Program is to provide below-market rate mortgages for the purchase and rehabilitation of residential property within the City of Pittsburgh. Funds to finance the mortgages have been provided principally through the issuance of tax-exempt bonds. The mortgages are originated by participating lending institutions, acquired by the Program and serviced by a master servicer. The mortgage servicer issues Federal National Mortgage Association (FNMA) securities that are backed by pools of the home mortgages. The Program purchases the securities with funds that have been provided through the issuance of tax-exempt bonds. The current portfolio includes FNMA, FHLMC (Freddie Mac or Federal Home Loan Mortgage), and Government National Mortgage Association (GNMA) securities.

These program financial statements include only the financial position and results of operations for the Program. These Program financial statements are not intended to present the financial position and results of operations for the Authority.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

### Basis of Accounting

The Program financial statements are reported using the accrual basis of accounting. Expenses are recognized in the period incurred. Revenues are recognized in the period in which they are earned.

### Investments

Investments are limited to certain obligations as specified in the Program's Indenture of Trust (Indenture) and are stated at fair value. These obligations consist principally of obligations of U.S. government agencies and other qualifying obligations, including bank investment agreements. Earnings on investments include interest income and all gains or losses, realized and unrealized, on the investments. In accordance with the Indenture, all interest income and net realized gains on investments are transferred to the Revenue Fund.

### Net Position

The Program's net position is restricted by the terms of the outstanding bond indentures and can be used for making additional loans or bond redemptions during the life of the Program.

### Allowance for Possible Loan Losses

It is the Authority's policy to provide for estimated losses on Program mortgage loans based on an evaluation of the current mortgage portfolio, economic conditions, and such other factors, which in the Authority's judgment, require consideration in estimating loan losses for the Program.

### Administrative Expenses

Administrative expenses consist of certain Authority expenses allocated to the Program. The Authority may also withdraw other available funds from the Program as specified within the Indenture.

#### Federal Income Taxes

The Authority qualifies under the Internal Revenue Code as a tax-exempt organization and, therefore, any income earned by the Authority is exempt from federal income taxes. Accordingly, no federal income taxes have been provided for in the accompanying Program financial statements.

The Authority is subject to federal arbitrage regulations pursuant to the Internal Revenue Code. Management believes there was no significant arbitrage liability as of December 31, 2013.

#### Adoption of Accounting Pronouncement

The requirements of the following Governmental Accounting Standards Board (GASB) Statement were adopted for the Program's 2013 financial statements:

GASB Statement No. 65, *"Items Previously Reported as Assets and Liabilities."* This Statement reclassifies certain items that were reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. Additionally, bond issuance costs and loan commitment fees are now reported as current period costs/revenue rather than deferred and amortized. As a result of this change, net position as of December 31, 2012 was increased by \$400,902, to remove unamortized bond issuance costs that were previously considered assets, and to remove unamortized loan commitment fees that were previously considered liabilities.

### **3. DESCRIPTION OF FUNDS REQUIRED UNDER THE INDENTURE**

As required by the Indenture, the cash and investments of the Program are restricted to various funds.

#### First Mortgage Loan Fund

These funds are used to purchase First Mortgage Loans from participating lending institutions.

#### Revenue Fund

This fund is used to pay principal and interest on the bonds when due. The sources of funds are loan repayments and earnings on investments, including interest income and gains or losses realized on the sale of investments.

#### Bond Reserve Fund

This fund is required to be maintained at a minimum of 10% of the outstanding principal balance of bonds, excluding escrowed bonds.

#### Mortgage Reserve Fund

This fund is used to provide funds, if any, needed to increase the balance in the Revenue Fund to an amount sufficient to pay debt service on the bonds to the extent that such amount is not first available in the First Mortgage Loan Funds or the Bond Redemption Fund.

#### Special Hazard and Loss Reserve Fund

This fund is used to provide for the payment of expenses or losses that are incurred as a result of risks not covered by a standard hazard insurance policy and miscellaneous costs related to a defaulted first mortgage loan. It may also be used to increase the balance in the Revenue Fund to meet debt service requirements.

#### Bond Redemption Fund

This fund is principally used to redeem bonds.

#### **4. CASH, CASH EQUIVALENTS, AND INVESTMENTS**

Cash, cash equivalents, and investments are restricted to various funds of the Program. The total cash, cash equivalents, and investment balances of each fund as of December 31, 2013 are as follows:

Investments are recorded at fair value.

In March 2013, mortgage-backed securities (FNMA and GNMA) of the Program were sold and the proceeds (\$27,611,439) used to pay off \$26,010,000 in Program bonds. See also Note 6.

GASB Statement No. 40, *“Deposit and Investment Risk Disclosures,”* requires disclosures related to the following deposit and investment risks: credit risk (including custodial credit risk and concentrations of credit risk), interest rate risk, and foreign currency risk. The following is a description of the Program’s deposit and investment risks:

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the Program’s deposits may not be returned to it. The Program does not have a formal policy for custodial credit risk. As of December 31, 2013, the Program held no deposits.

Included on the statement of net position are the following investments held by the Program at December 31, 2013:

*Interest Rate Risk* – The Indenture does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the investments held by the Program are primarily comprised of assets securitized in the secondary market from loans issued from the loan programs. The maturities noted in the table above reflect the final maturity of the respective security and do not take into consideration non-routine repayments on principal as it is not possible to forecast these repayments. It is management’s intention to hold these securities until maturity. Interest rates on these investments are fixed and principal and interest repayments from these investments will be used to repay the related debt service.

*Credit Risk* – The Indenture does not have a formal investment policy that would limit its investment choices based on credit ratings by nationally recognized statistical rating organizations. As of December 31, 2013, the Program’s investments in U.S. Government Money Market Funds were rated AAA by Standard & Poor’s.

*Concentration of credit risk* - The Indenture places no limit on the amount the Authority may invest in any one issuer. More than 5% of the Authority’s investments in FNMA are with the same issuer. The FNMA investments are 5.3% of the Program’s total investments.

#### 6. BONDS PAYABLE

Bonds outstanding at December 31, 2013 are summarized as follows:

	Original Principal Amount			Bonds Payable
	Serial Bonds	Term Bonds	Total	
2006 Series A	\$ 2,835,000	\$ 6,165,000	\$ 9,000,000	\$ 4,540,000
2006 Series B	5,335,000	-	5,335,000	630,000

				\$ 17,315,000

The stated interest rates/yields and principal maturity dates for the respective bonds payable at December 31, 2013 are as follows:

Bond Issue	Interest Rates Range	Maturity Date Range
2006 Series A	4.450 to 4.850%	2013 to 2036
2006 Series B	4.650%	2013 to 2017
2006 Series C	4.050 to 4.600%	2013 to 2028

The bond indentures provide for retirements to be accelerated in the event of prepayments of the underlying mortgages or if funds are otherwise available as provided in the respective Indenture. The bond indentures also allow for redemption of the term bonds prior to their respective stated maturity from a mandatory sinking fund account. The following maturity schedules do not contemplate any accelerated retirements.

In March of 2013, all bonds payable, except the 2006 (A, B & C) Series, were paid off by the Program; the total principal amount of these bonds that were paid off was \$26,010,000. There was no positive arbitrage rebate liability due and payable resulting from this payoff. The remaining aggregate principal and interest maturities for bonds payable, taking into consideration the impact of the March 2013 bond call, at December 31, 2013 are as follows:

The bonds are limited obligations of the Authority and are not a debt of the City of Pittsburgh or the Commonwealth of Pennsylvania. The Authority has no taxing power. The bonds are collateralized by a pledge of all Program revenues and monies set aside or to be held pursuant to the Indenture.

**7. AUTHORITY FEE**

The Authority, subject to certain limitations described in the Indenture, is entitled to a fee that annually shall not exceed one-half of one percent of the cumulative principal amount of the original Mortgage Revenue Bond Program notes purchased under the Program. During 2013, \$194,000 was paid by the Program to the Authority for this administrative fee.
