

Public Comment Overview

- Rubino has the most support overall if you include the suburbs
- There is significant opposition to the Rubino within the City
- McCaffery edges Rubino in total votes and even more so when the “Con” votes are subtracted from “Pro” votes
- Note:
 - Each individual was counted only once – if they expressed any “Pro” sentiment it was tallied as a Pro
 - If they only expressed opposition to a proposal, it was counted as a “Con”
 - The volume of response is far too low to draw any firm conclusions

Support within the City

- Counting only the “Pro” supporters within the City itself
 - McCaffery has the most support in the Greater Strip and the City as a whole
 - Rubino has the most support in the East End
- Note
 - Greater Strip includes Lawrenceville and the CBD in this tally
