WHO: City of Pittsburgh's Department of Mobility and Infrastructure (DOMI), stakeholders, and the public.

WHAT: To discuss the planned two-way conversion of the 1.2-mile Allegheny Circle. Phase 1, completed in 2017, reconfigured the roadway from four vehicular lanes to two vehicular lanes with parking on the exterior and a two-way cycle track on the interior. Phase 2, scheduled to start in late 2020, includes signal upgrades, pavement markings, delineation, signing, removal of concrete islands, and reconfiguration of intersections to protected intersections.

Project performance goals are to encourage collaborative projects that link multimodal transportation investments with land use planning to create transportation facilities that are safe and sustainable, responsive to the needs of all users, and supportive of community planning goals.

We will discuss the (1) current project design, (2) removal of on-street parking, (3) school loading for Allegheny Traditional Academy, (4) anticipated construction schedule, and (5) future notifications regarding construction activities.

WHEN: Wednesday, July 8th from 5:30 pm – 7:00 pm

WHERE: Zoom, streamed on YouTube, and posted on YouTube shortly thereafter. RSVP to https://us02web.zoom.us/meeting/register/tZEsceqoqD0sHtYS238uJWw6B1_Vb9n9FCSA

PROVIDE COMMENT: Via the Zoom chat function, comment form linked to the project fact sheet (see below), or 311. We will be accepting comments until July 24, 2020.

NO INTERNET ACCESS: Please call the city’s 311 hotline if you would like additional project information and / or to provide comment.

ADDITIONAL INFORMATION: Visit Allegheny Circle under Projects on the DOMI website to view the project fact sheet. A copy of the PowerPoint that will be presented will be posted in this location ahead of the meeting.
