Mission

“Our mandate is
the continued protection and enhancement
of our diverse neighborhoods
by working in partnership with our citizens
to creatively solve problems
always remaining sensitive
to the authority with which we’re entrusted.
It is our challenge to provide committed service through
accountability, integrity and respect.”

Values

We believe in the value and worth of all members of
the Bureau of Police.

We believe our integrity is not negotiable.

We believe we are individually accountable
for upholding the values of our organization.

We believe we can best earn respect
by first respecting the rights of others.

We believe in striving to achieve the highest
moral, ethical and professional standards.

We will adapt to the changing future
by maintaining partnerships built upon

accountability, integrity and respect.

The Pittsburgh Bureau of Police

Pittsburgh, located in the center of Allegheny County where the Monongahela and Allegheny Rivers meet to form the Ohio River, was incorporated as a borough by an act dated April 22, 1794, the same year as the Whiskey Rebellion. The act provided for the election of two Burgesses, a High Constable and a Town Clerk. We, in the Bureau of Police, trace our roots to Samuel Morrison, the first High Constable for the Borough of Pittsburgh.

On March 18, 1816, Pittsburgh was formally incorporated as a city. Under this charter, the Mayor of Pittsburgh was elected by the council and was given the authority to appoint the High Constable and four City Constables. These constables were enjoined to preserve the peace, arrest all disorderly persons, and attend court, the market, and Councils. This was a daytime duty in which the Constables were paid by event rather than by salary. The Mayor was also given the power to appoint a night watch consisting of a Superintendent and twelve watchmen. The duties of the watchmen included the care of the oil, wick and utensils belonging to the city and the prevention of murders, robberies and other disorders.

Loss of tax revenues due to a depression in the City's manufacturing and commerce enterprises caused the discontinuation of the night watch in April 1817. It was reestablished on March 26, 1836, by an act that authorized one Captain of the Watch, two Lieutenants of the Watch and 16 watchmen for the purpose of establishing a system of police to secure the City's citizens and their property. During this period, the constables continued to perform daylight duties on a non-salary basis. In December 1857, an ordinance was adopted that established a day-salaried police department consisting of one chief and not more than nine constables. On January 27, 1868, the dual system of day and night police was abolished and the present system was created. In that year, the force was authorized not more than 100 men to include the Chief of Police, one Captain, and not more than eight Lieutenants.

September 11, 2001 changed forever law enforcement in the United States. No longer could we afford to stay inwardly focused on the nationally defined Part I Crimes of Homicide, Aggravated Assault, Rape, Robbery, Burglary, Larceny Theft and Motor Vehicle Theft. We now had to become more cognizant of the external threats to the homeland security of the City.

2009 was the most tragic year in the Bureau's history when we lost Officers Eric Kelly, Stephen Mayhle and Paul Sciuлло II in the line of duty on April 4, 2009.

History of Our Badge

*In 1873, the Police Badge
was designed and officially adopted
by the City of Pittsburgh.*

*The badge is a unique design:
The crest is from the Coat-of-Arms of
William Pitt, the 1st Earl of Chatham,
The English gentleman for whom Pittsburgh is named.*

*The garter around the badge
is from the Most Noble Order of the Garter,
the senior British Order of Chivalry founded by King Edward III in 1348.*

*The shield is a circular fighting shield
used by 15th century Greek foot soldiers.
During the 16th and 17th centuries,
the circular shield was used extensively in the British Isles,
hence its appearance in Pittsburgh.*

*The Pittsburgh Police Badge,
with its distinctive design and history,
is worn with great pride by the men and women
of the Pittsburgh Bureau of Police.*

Certification of Compliance

In accordance with Ordinance No. 21 (bill no. 2010-0234) signed by the Mayor on October 201, 2011, I hereby certify that the Bureau of Police has maintained all requirements as they pertain to the consent decree between the United States of America and the City of Pittsburgh (civil no. 97-0354) and the stipulated order signed by United States District Court Judge Robert J. CIndrich on September 30, 2002.

Regina McDonald
Acting Chief of Police

**A Summary of the 1997 Consent Decree
between
The United States of America
and the City of Pittsburgh
Civil # 97-0354
(with citations)**

1. The City hereby reaffirms and acknowledges its obligation to discourage activity by City law enforcement officers which deprives persons of rights, privileges, and immunities secured and protected by the Constitution of the United States. (*Consent Decree paragraph 8*)
2. **Personnel Assessment and Review System (PARS):** (*referred to in the Consent Decree as the early warning system*). PARS shall:
 - a. Collect and maintain the following (*Consent Decree paragraph 12.a.*):
 - i. officer's name and badge number,
 - ii. citizen complaints,
 - iii. hit and non-hit officer involved shootings,
 - iv. commendations and other indicators of positive performance,
 - v. discipline with related file numbers,
 - vi. training reassignments,
 - vii. transfers,
 - viii. mandatory counseling,
 - ix. status of administrative appeals and/or grievances,
 - x. detailed description of all criminal investigations or possible officer misconduct,
 - xi. detailed description of all civil or administrative claims filed against the City arising from PBP operations,
 - xii. a description of all other civil claims or suits that the officer is a named party to involving allegations of untruthfulness, physical force, racial bias, or domestic violence,
 - xiii. a description of all lawsuits filed against the City, the PBP, or its officers arising from PBP operations,
 - xiv. all arrests with the location of each arrest, the race of each arrestee, and the code violation(s),
 - xv. searches and seizures as documented in the search and seizure reports,
 - xvi. use of force as documented in the use of force reports, and
 - xvii. traffic stop information documented in the reports.
 - b. Have the ability to maintain/retrieve (*Consent Decree paragraphs 12.b. and 12.c.*):

- i. information in the following categories individual officer; squad, zone, shift, or special unit; arrests by officer(s) and types of arrests to determine the number of times a particular officer or groups of officers have filed discretionary charges of resisting arrest, disorderly conduct, public intoxication, or interfering with the administration of justice.
 - ii. data regarding an officer shall be maintained in PARS during that officer's employment with the PBP and for three (3) years after the officer leaves the PBP. Data regarding an officer that is removed from PARS shall be maintained in an archive indefinitely.
- c. Have a protocol of use that specifies (*Consent Decree paragraph 12.d.*):
- i. the number and types of incidents per officer requiring review by senior supervisors, the frequency of those reviews, and the follow-up actions to be taken by PBP senior supervisors based on information in PARS (including meeting with the officer and recommending appropriate remedial training, counseling, transfer or re-assignment);
 - ii. re-training and recertification requirements;
 - iii. quality assurance checks of data input; and
 - iv. confidentiality and security provisions (*by protocols established under the auspices of the auditor of the Consent Decree (paragraph 70), data contained in PARS cannot be printed in written form nor can its data be extracted by electronic means*).

3. Policy:

- a. Use of Force: The City shall develop and implement a use of force policy that is in compliance with applicable law and current professional standards (*Consent Decree paragraph 13*).
- b. Strip Searches: PBP officers will conduct strip searches in compliance with applicable law and current professional standards. Specifically, PBP officers shall conduct strip searches only when authorized by a supervisor or senior supervisor and then only if specially trained to conduct strip searches. Such strip searches shall be conducted in conformance with hygienic procedures and practices, in a room specially designated for strip searches, by the fewest number of personnel necessary all of whom must be of the same sex as the person searched, and under conditions that provide privacy from all but those authorized to conduct the search. Field strip searches of persons in custody shall be conducted only in exigent circumstances where the life of officers or others may be at risk, and only in privacy with the explicit approval of a supervisor or senior supervisor (*Consent Decree paragraph 14*).

4. Reports:

- a. The City shall develop and require all officers to complete a written report each time a PBP officer (*Consent Decree paragraph 15*):
 - i. Exercises a use of force,
 - ii. Performs a warrantless search (excluding searches incident to arrests, frisks and pat-downs),
 - iii. Performs a body cavity search or strip search,
 - iv. Conducts any warrantless seizure of property (excluding towing vehicles),

- b. The written report (for 4.a.i. through 4.a.iv.) shall include the officer's name and badge number; description of incident; the specific type of use of force, search or seizure; description of any injuries and medical/hospital data; name, race and gender of all persons involved in the use of force, search or seizure; names and contact information for all witnesses; any weapons, evidence, or contraband found during the search; whether the individual involved in the use of force, search or seizure was arrested or cited, and if so, the charges; date, time, and location of the incident and search or seizure; and the signatures of the officer and his immediate supervisor (*Consent Decree paragraph 15*).
- c. The City shall develop and require all officers to complete a written report each time a PBP officer makes a traffic stop (*Consent Decree paragraph 16*):
- d. The written report (for 4.c.) shall include the officer's name and badge number; the race and gender of the individual searched or stopped; approximate time and location; whether the stop involved a frisk or pat-down search; any weapons, evidence, or contraband found during the search; and whether the individual involved was arrested or cited, and if so, the charges (*Consent Decree paragraph 16*).
- e. Data entered captured on the reports described above shall be entered into PARS (*Consent Decree paragraph 17*).

5. Supervisory Responsibility:

- a. The City shall conduct regular audits of:
 - i. Use of force by all officers (*Consent Decree paragraph 18*),
 - ii. Search and seizure practices by all officers (*Consent Decree paragraph 19*),
 - iii. Potential racial bias, including use of racial epithets, by all officers (*Consent Decree paragraph 20*).
- b. PBP supervisors and senior supervisors shall have an affirmative obligation to act on this data with the goals of:
 - i. Preventing the use of excessive force (*Consent Decree paragraph 18*),
 - ii. Preventing improper search and seizure practices by PBP officers (*Consent Decree paragraph 19*),
 - iii. Eliminating actions that reflect racial bias by PBP officers (*Consent Decree paragraph 20*).
- c. Each report above will be reviewed within one week by the reporting officer's chain-of-command (*Consent Decree paragraphs 18-20*).
- d. Quarterly Reviews (*Consent Decree paragraph 21*). After evaluating the most recent quarterly reports and evaluating an officer's complaint history, the City shall, at a minimum:
 - i. Require and provide appropriate remedial training, assignment to an FTO, counseling, transfer, and/or reassignment to all officers (such training, counseling, transfer, and/or reassignment shall address the type of misconduct alleged):
 - 1) who have had three (3) or more complaints containing allegations of similar types of misconduct (e.g., verbal abuse, excessive force, improper search and seizure) within the last two years, whether the complaints are sustained or not; and
 - 2) who have had five or more complaints of any kind within the last two years, whether the complaints are sustained or not.

- ii. Impose appropriate discipline on each officer against whom a complaint is sustained as soon as possible after the OMI disposition.
 - iii. Where appropriate, remedial training, counseling, transfer, or reassignment shall be required of each officer where a complaint is disposed of by a disposition other than sustained.
- e. Annual performance evaluations: The PBP shall require annual performance evaluations of all officers, supervisors, and senior supervisors. The performance evaluation shall be in writing and shall fully explain the weight and substance of all factors used to evaluate an officer (*Consent Decree paragraphs 23 and 24*). At a minimum:
 - i. Supervisors and senior supervisors shall be evaluated on their ability to monitor, deter, and appropriately address misconduct by officers they supervise; and
 - ii. The PBP shall evaluate each officer on the basis of his or her complaint history, focusing on patterns of misconduct.
 - iii. In addition to the Civil Service guidelines, the performance evaluations shall be considered as one of the factors in making promotions.
- f. Employee Assistance Program: The City shall continue to provide an employee assistance program ("EAP") (*Consent Decree paragraph 25*). This program shall at a minimum provide counseling and stress management services to officers. This program shall be staffed by sufficient licensed and certified counselors who are trained and experienced in addressing psychological and emotional problems common to police officers. The City shall publicize the availability of these services to all officers. The City shall authorize officers to attend counseling without any adverse actions taken against them. The City shall refer officers to, but not require their participation in, EAP counseling where the City believes an officer's job performance may benefit from EAP services. These provisions are separate from any counseling the City may require as part of its "Track III" mandatory counseling program.
- g. Notice of Criminal/Civil Action: The City shall require all officers to notify the City when the officers have been arrested, criminally charged, or named as a party in any civil suit involving allegations of untruthfulness, physical force, racial bias, or domestic violence. The City and PBP management shall monitor all such civil litigation and all criminal prosecutions of officers. PBP shall discipline and appropriately re-train, counsel, re-assign, or transfer officers found guilty or liable by a court or jury (*Consent Decree paragraph 26*). Officers determined by a court to have falsely arrested an individual or conducted an improper search or seizure shall be disciplined, retrained, counseled, transferred, or reassigned, as the circumstances warrant. Such litigation and investigations shall be reflected in (PARS) and recorded in the officer's complaint history (*Consent Decree paragraph 27*). PBP shall continue to discipline, re-train, counsel, transfer, or reassign officers who are the subject of civil litigation settled by the City prior to adjudication, as the circumstances and OMI investigation warrant (*Consent Decree paragraph 28*).

Community Relations: The United States recognizes that PBP officer representatives attend meetings of community groups within their zone. The PBP shall continue to make every effort to participate in these meetings, including meetings organized by or oriented towards minorities.

Bureau Accreditation

1. Pittsburgh City Code, § 116.02, paragraph I.d. requires that the Bureau of Police attain and maintain accreditation. To attain that accreditation, the Pittsburgh Bureau of Police has chosen to utilize the Pennsylvania Law Enforcement Accreditation Program.

2. What is Accreditation?

The Pennsylvania Chiefs of Police Association introduced the Pennsylvania Law Enforcement Accreditation Program to the Commonwealth in July 2001. Since then, over 250 agencies have enrolled and 45 agencies currently maintain accredited status.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The cornerstone of this strategy lies in the promulgation of standards containing a clear statement of professional objectives. Participating administrators then conduct a thorough analysis to determine how existing operations can be adapted to meet these objectives. When the procedures are in place, a team of independent professionals is assigned to verify that all applicable standards have been successfully implemented. The process culminates with a decision by an authoritative body that the institution is worthy of accreditation.

The Pennsylvania Law Enforcement Accreditation Program was designed and developed by professional law enforcement executives to provide a reasonable and cost effective plan for the professionalization of law enforcement agencies within the Commonwealth. The underlying philosophy of the program is to have a user-friendly undertaking for the departments that will result in a "success" oriented outcome.

Pennsylvania's law enforcement professionals want the program to be consistent and achievable for all types and sizes of law enforcement agencies within Pennsylvania.

3. Accreditation Program Phases

The Accreditation program is broken down into three steps or phases:

Phase One: Application (*completed*)

PLEAC Description: The police department and local government officials make the joint decision to pursue police accreditation. Together, you notify the accreditation staff at the Pennsylvania Chiefs of Police Association via a Letter of Intent. Staff then provides all materials to begin the accreditation process. Not only does the agency receive the manuals, but also organizational materials such as labels for the accreditation folders and a software-tracking program. A video is included to assist you in concisely explaining the program to your agency staff. A free training class is also available for newly appointed Accreditation Managers and their Chief. There is a one-time fee of \$100 to participate in the Pennsylvania Law Enforcement Accreditation program.

Phase Two: Self-Assessment (*completed*)

PLEAC Description: The Accreditation Manager will begin the process internally by performing a self-assessment of the agency. This begins as an exercise in comparison. The Accreditation Manager will compare how the current policies comply with the program's standards. Most agencies will discover that they are closer to compliance than anticipated.

When the agency has completed the self-assessment phase, it will want to host a mock-assessment. This is a final review to ensure a smooth assessment in Phase Three. Staff is available throughout the process, offering support and guidance to ensure every agency's success. In addition, several

localized coalitions have been formed by Accreditation Managers to assist one another. There is also a state coalition that can be very helpful.

Pittsburgh Status: In 2011, we added an additional officer to the Bureau Accreditation Team. This officer was assigned specifically to create files necessary for the formal assessment.

The Pittsburgh Bureau of Police Research and Planning section has worked throughout 2012 to meet the 132 professional standards and mandates required by PLEAC in this self assessment phase. To date, we have completed 132 of the 132 professional standards. The majority of standards are subdivided into areas known as “bullets”. One standard may have zero to six bullets. Each bullet requires, at a very minimum, an adjustment in the Bureau’s written policy. The bullets may also require training and/or equipment purchases Bureau-wide. There are over 320 inspectable tasks that must be addressed and managed in this phase before the final phase can be considered. This phase is the most challenging and time consuming part of the three phase accreditation process.

The main component in achieving accreditation is policy development. All policies identified for revision follow a specific protocol which includes review by the Pittsburgh Police Command Group (consisting of 5 chiefs, 9 commanders, 3 civilian managers, Training Academy Lieutenant and Research & Planning Lieutenant) and the Fraternal Order of Police. It is a comprehensive process and requires a significant amount of time. The accreditation team uses model policies identified by the International Association Chiefs of Police and the Pennsylvania Law Enforcement Accreditation Commission. When appropriate, the accreditation team meets with subject matters experts both internal to and external of the Pittsburgh Bureau of Police.

File creation consists of documentation the PLEAC assessors will use to determine if the PBP has the appropriate policy in place to meet each individual standard. The files consist of two proofs that demonstrate the policy is in use consistently bureau wide. These proofs may be demonstrated by highlighting an officer’s narrative in an investigative report dealing with that particular standard. File creation is complete and the centerpiece of the mock and on site inspection.

Phase Three: Formal Assessment

PLEAC Description: The final phase of the accreditation process is the Commission assessment. Trained assessors will do an on-site, two-day review of agency files ensuring compliance with all standards. Please note that the assessment is a success-oriented process.

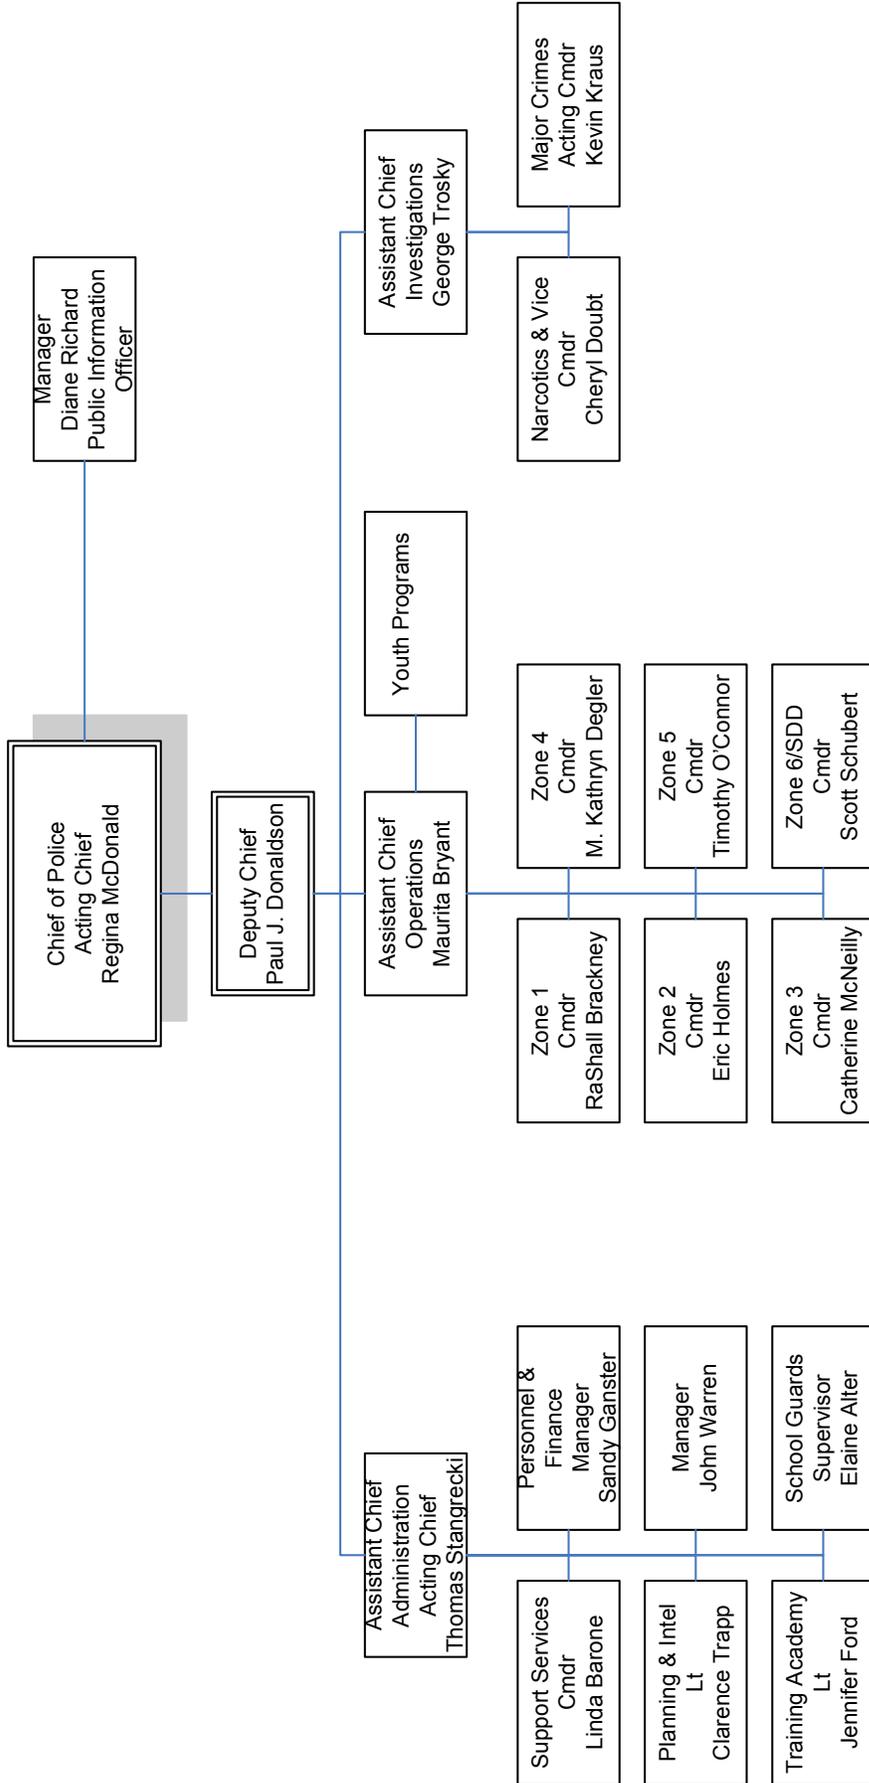

Your accredited status will remain valid for a three-year period. With accredited status, your agency may experience insurance savings; stronger community relations; and increased employee input, interaction and confidence in the agency.

Pittsburgh Status: Phase three consists of two separate inspections. The first inspection is known as the mock inspection. During this mock inspection, all 132 standards required for accreditation will be inspected by a PLEAC team. The goal of this phase is to review our policies and procedures to ensure the Pittsburgh Bureau of Police meets the standards for PLEAC accreditation. Any deficiencies discovered during the mock assessment will be identified and resolved. The mock inspection was completed in November of 2012.

The onsite inspection is the official inspection conducted by PLEAC in which the entire Bureau is evaluated in a comprehensive and rigorous manner. The inspection, normally lasting two or three days, opens the Bureau up to the PLEAC inspector to visit any of our duty locations, interact with our personnel and evaluate policy implementation. Our formal onsite inspection was conducted on January 9-10, 2013.

Administration Branch

The Administration Branch provides internal support to the Bureau of Police and manages the administrative functions in support of our citizens. The Administrative Branch consists of the following units:

Personnel & Finance consists of six civilian account clerks, two accountants, one chief clerk and one manager. There is one account clerk vacancy. This unit is organized into two sections - payroll and accounting.

Payroll

The mission of the payroll section is to enter all payroll related information including regular time, court time, special events detail payments and exceptions every two weeks in accordance with the policies of the City of Pittsburgh and the contracts with the Fraternal Order of Police and the AFSCME unions. Currently the City is using the Ceridian payroll system; however the City plans to begin using JD Edwards in 2013. The clerks in this section are also responsible for updating roster cards, maintaining personnel files, filling out insurance forms and answering questions regarding paycheck stubs.

In December 2012 this section started working with consultants working for the Department of Information Systems on an automated payroll system. This system will cost \$100,000 and will be paid from the 2009 Edward Byrne Stimulus Grant. When the Automated Payroll System is in place, all overtime cards will be submitted electronically and the roster cards will update automatically at the end of each day. The expected date of completion is May 2013.

Finance

The mission of the finance section is to purchase equipment, supplies and services for the Bureau of Police while working within the City of Pittsburgh's procurement guidelines. This section must also monitor expenditures to ensure the Bureau of Police does not exceed their annual operating and capital budgets.

In January 2012, the City went from using PeopleSoft to JD Edwards accounting system. Training for the new system took place in January 2012.

The employees in the accounting section may prepare legislation, take calls from officers regarding equipment needs, work with vendors to get the best available pricing on a commodity, prepare phone quotes or contracts, work with procurement office personnel to order all commodities and services for the Bureau of Police.

The financial employees gather information for the Manager to prepare annual budgets, prepare financial reports for the Chief of Police and gather data for PittMaps. They also maintain payment logs, and are responsible for accounts receivable.

In 2012, the following expenditures were made by the Bureau of Police:

| | |
|---|------------------|
| 2009 Edward Byrne Stimulus Grant | \$675,016 |
| Payroll Deployment System | \$55,000 |

Pittsburgh Police Training Academy: Listed below is a recap of the training completed in 2012:

Recruit Training

- Basic Recruit Class 12-01 – Twenty-nine basic recruits started at the Training Academy on August 20, 2012. Twenty-eight are expected to graduate and they will be assigned to patrol zones in July, 2013.
- Veteran Recruit Class 12-01 – Eleven veteran recruits started at the Training Academy on August 20, 2012. Ten were assigned to patrol zones in December, 2012.

MPOETC Act 180 Mandatory In-Service Training and Annual Firearms Qualifications

The Training Academy taught the following four three-hour mandatory in-service training (MIST) courses for all sworn Pittsburgh Bureau of Police officers:

- Legal Updates
- Search and Seizure
- Multiple Targeted Attacks
- Effective Communication

The Training Academy requalified all full duty sworn personnel in firearms.

Patrol Rifle

The Training Academy qualified 47 officers in the patrol rifle during an initial three-day course.

TASER

Thirty-seven recruits were certified and 385 veteran officers were recertified to carry the TASER.

Verbal Judo

Thirty-seven recruits and 77 school crossing guards received Verbal Judo training. Verbal Judo teaches a philosophy of how to look creatively at conflict and use specific strategies and tactics to find peaceful resolutions. These skills are beneficial to officers in their duties because dealing with the public is often difficult and trying emotionally. Maintaining a "professional face" is crucial if officers are to remain under emotional control and be able to effectively find solutions to potentially violent encounters without escalating to physical force options.

CPR/First Aid

Four hundred thirty-six officers completed their CPR/First Aid/AED training in 2012.

Active Shooter Training

All Bureau members were provided active shooter training by the Training Academy and Pittsburgh SWAT.

Water Rescue Training

All members of the Police, Fire and Emergency Medical Services attended an eight hour Basic Water Rescue Safety course.

Defensive Tactics Refresher Training

All members of the Bureau attended an eight hour course that consisted of a review of current law and Bureau policy regarding the use of force. Officers attending also practiced control tactics and use of less than lethal implements.

Drivers Simulator, SKID CAR, Drivers Training

The Bureau took delivery of a Type A SKID CAR system. The system places a standard police vehicle on a system of outriggers that allow the instructor to recreate a variety of poor weather driving conditions on dry pavement.

The Bureau also took delivery of a FAAC Drivers simulator. The system allows an officer to be placed in a variety of driving situations in a simulated environment.

Technology Training

In 2010, the Training Academy began a project to develop curriculum and assume training for all police-related computer applications. This was completed in 2012 with the completion of the computer laboratory and Wi-Fi system. This will allow training of Bureau officers on computer applications on all shifts. Officers have been trained in the following subjects: In-car Camera Video, Vehicle Status, E-Citation, Penn DOT Crash Reporting, J-NET, and Automated Police Reports.

New Radio Training

In advance of the Federal Communications Commission's mandate on narrow banding of equipment, two hundred officers attended a two-hour training session and were issued Motorola portable radios.

Canine Training School

The Canine Training School supports the twenty-two Pittsburgh Bureau of Police K-9 teams, hosts the Region-13 K-9 program and offers initial and in-service K-9 training to surrounding law enforcement agencies.

In 2012, the school conducted over 800 in-service training sessions and conducted a spring and fall initial K-9 classes graduating nine new dog teams. Four dogs were new or replacements for the Region 13 program, four were for the City of Pittsburgh and one for a local police agency. During in-service training, conducted twice a month, teams are continuously trained and monitored to ensure maximum proficiency in the following tasks: obedience/agility, substance detection, apprehension and tracking. All in-service dog teams were maintenance trained to include the Hold & Bark method of suspect apprehension. Formal yearly certifications were conducted in December of 2012 covering detection, apprehension, obedience and agility.

The Canine Training School has put initiatives in place for 2013 to further improve K-9 team performance. These initiatives include reversing direction detection work, reward motivation and natural methods of drive satisfaction and toy removal. Additional measures will be displayed throughout the year to desensitize K-9's to aggressive weapons that may be utilized against them to improve performance while under perceived or real assault.

Hosting and facilitating the Region-13 K-9 Explosive Detection Program (14 dual purpose dog teams) has regionalized a valued resource making explosive detection canines available throughout Southwestern Pennsylvania. With the additional of the Westmoreland County Park Police there were nine Region-13 agencies supported by the training school in 2012.

In a tradition that dates back to the beginning of our program in 1950's, the Pittsburgh Bureau of Police continues to strengthen law enforcement partnerships in the area by offering our expertise in canine training. In 2012, we offered in-service training to fifteen canine teams from outside agencies.

Support Services:

Support Services manages the Bureau's property room, Court Liaison Unit, the Summary Warrant Squad, information systems liaison and the Central Reports & Records Unit (CRRU). Sworn personnel who work in the Office of Municipal Investigations are assigned to Support Services for payroll and personnel management functions.

Property/Supply Room The Property/Supply Room maintains and manages operations pertaining to evidence seized, property recovered and supplies, uniforms & equipment for the Bureau of Police.

The Property/Supply Room is where citizens go to recover property that had been seized as evidence in a case and where employees of the Bureau of Police go to get general supplies police uniforms and equipment.

The following rules apply:

- Any property, the ownership of which is not disputed and which is not required as evidence, may be turned over to the rightful or lawful owner by the officer in charge of the zone or unit concerned. A receipt in duplicate signed by the owner shall be obtained.
- Property held as evidence shall not be disposed of or released unless the case has been disposed of by the Court or its release has been authorized by the commanding officer of the zone or unit concerned, subject to the approval of the Chief of Police.
- Property held as evidence which is of a perishable nature or is such that it is urgently needed by its owner may be released only by authorization of the commanding officer of the zone or unit concerned. Under these circumstances, the evidence shall be photographed before releasing it.
- No weapon may be recovered from the Property Room after same has been used to commit a felonious crime or act of violence.
- No weapon shall be returned to any claimant unless the person first obtains a "Court Order" directing the return of the particular weapon.

Evidence that is held at the Property Room will only be released under one of the following listed circumstances:

- Court Order – Property is to be picked up and signed for by the person named on the court order;
- Needed for Court;
- Release to Owner – Owner must sign for and pick up the property at the Property Room;
- Income Tax Levy;
- Federal authorities when they assume jurisdiction in a case;
- Items to be sent to another police agency.

In 2012, the Property Room:

- Processed, warehoused and maintained chain-of-custody of 3,183 numbered cases.
- Destroyed no weapons.
- Deposited \$221,257.52 (2010 monies)*.
- Collected \$2,390,815.00 in 2012 with \$661,407.37 currently on-hand.**

**Deposits made following external audits of property room, 2010 is the most recent year eligible for deposit.*

***Difference between collected and on-hand values reflects monies released from police custody.*

Central Records and Reports Unit The CRRU consists of the Record Room, the Warrant Office and the Telephone Reporting Unit.

The Record Room is where the public obtains copies of reports. Normal hours of operation are Monday through Friday from 8:00 a.m. to 3:45 p.m. hours and are closed on City holidays. The phone number for the CRRU Records is 412-255-2920 and 2921. The Records area is located on the third floor of the Pittsburgh Municipal Courts Building, 660 First Ave, Pittsburgh PA 15219. Reports are obtainable in person or by mail with proof of identification.

- The public is entitled to all 2.0 reports (Incident report - a summary of incidents reported to the police); the cost of a report is currently set at \$15.00 (as of October 8, 2007).
- The public does not have access to 3.0 reports (Investigative reports) with the following exceptions:
 - 1) The victim/s of a hit run report can obtain a 3.0
 - 2) The victim/s of a burglary or robbery can obtain a list of the items they report taken during the time of a crime. They do not receive the narrative of the investigation.
 - 3) The victim/s of a theft or fraud can obtain a copy of the items that they list as taken during the time of the crime. They do not receive the narrative of the investigation.
 - 4) The victims of identity theft.
- Persons involved in an accident can obtain copies of the reports. Price will be determined by accident.

Record Room Statistics:

- 78,990 reports processed.
- provided front counter service:
 1. processed 6,341 mail inquiries,
 2. serviced 2,360 on-site customer requests,
 3. answered/resolved 5,673 telephone requests.
- Conducted records processing cost recovery totaling \$114,490.50.

The CRRU also perform the following critical functions that the public does not see:

- Processes all arrests for city officers.
- The TRU is a unit where civilian personnel take specific police reports by phone which keeps officers in the field available to respond to higher priority calls for service.
- Processes (through coding and data entry) of police reports, records and other document for the Bureau.
- Performs quality control of data and final review of police reports for Uniform Crime Report (UCR) coding.
- Processes court ordered expungements.
- JNET Tac Officer (liaison officer with the State for access to criminal background checks) is assigned to the CRRU to manage our JNET/NCIC/CLEAN operations for the Bureau.
- Maintains a list of active warrants.

In 2012, TRU had 6,493 calls dispatched with 6,482 reports taken.

Court Liaison Unit: The Court Liaison Unit consists of police supervisors and clerical staff assigned to the Criminal/Juvenile Courts and well as the Municipal Courts to act as a liaison between the various

county agencies, Court Administrator's Office, DA's Office, Public Defender's Office and the various private agencies involved in court proceedings and processes. The Court Liaison supervisors:

- Ensure constant communications among the various agencies for successful prosecution and positive outcomes.
- Manages court time for officers.
- Assigns a liaison officer to Traffic Court for disposition of traffic citations.
- Logs and processes traffic/non-traffic citations generated by city officers through the courts.

Summary Warrant Squad: The Summary Warrant Squad (SWS) is comprised of four officers and one sergeant whose mission is to address outstanding summary warrants in which violators have failed to respond to the courts to answer for their violations.

In 2012, the SWS cleared 2,607 summary warrants:

- 1,112 were cleared in person by the officers resulting in \$158,767.37 being brought directly to arraignment court in guilty and not-guilty pleas.
- 1,495 warrants were cleared as a result of direct and indirect efforts by the squad with their various notification processes.

To date, 65% of the 2,607 warrants have gone to summary trial, resulting in \$287,983.24 in fines being collected.

Computer Operations Liaison Unit: The Computer Operations Liaison Unit works directly with City Information Systems to develop, implement, and maintain the various computer systems and applications being used by the Bureau. The unit provides support and innovative electronic upgrades and innovations to both the sworn and civilian personnel of the Bureau of Police. In 2012, the unit worked on the following projects:

- *Community Safety Texting Web Site Enhancement:* The Community Safety Website is a tool the Bureau of Police uses to provide timely and accurate information to the public related to safety and law enforcement operations. Upgrades to the system will allow the Bureau to send out alerts via text message to subscribers of this text messaging feature. The upgrades also allow users to text (non-emergency) crime tips to the Bureau. *The text messaging feature is expected to commence in March 2013.*
- *Citywide Camera Project:* Pittsburgh started its citywide camera system in 2009 working with businesses, community leaders and other law enforcement agencies. Currently, we have 125 city cameras located on various streets, bridges and other structures around the Port of Pittsburgh. These cameras serve as a tool to aid in the safety and security of the port and its surrounding area. These city cameras are complemented by the Bureau's access to other business and government cameras. Since its implementation, we have augmented the citywide camera systems with additional cameras annually. *We are planning on adding an additional 32 cameras in 2013.*
- *In-Car-Camera Project:* In 2010, the Pittsburgh Bureau of Police started the installation and use of in-car cameras for marked police vehicles. These cameras assist in documenting police-public encounters. *We will complete the fielding of in-car cameras to all marked police vehicles in the six police zones in 2013. We will also begin testing camera systems for motorcycle and bicycle units.*

- Automated Police Reporting System (APRS) & APRS Lite (for mobile data terminals): APRS started in 2006 as a project to allow officers to generate police reports electronically. APRS Lite expanded this capability to the mobile data terminals in marked police vehicles so officers could generate electronic police reports from the field. The below list details a few of the benefits realized from APRS/APRS Lite:
 - Auto-population of data fields to multiple related reports reducing report preparation time and errors.
 - APRS data is pulled electronically and used by other APRS dependent electronic systems for auto-population of data fields. This reduces the requirement for manual entry of data, associated human errors and report processing time.
 - Electronic citations (E-Citation) has been incorporated allowing officers to generate both traffic and non-traffic citations electronically in the field.

For 2013, we plan to integrate the driver and vehicle information received from the NCIC/Clean system with the Bureau APRS System. This integration would enable us to auto-populate that information into the corresponding fields in the APRS E-Citation System.

- Mobile Data Terminals (MDTs): MDTs have been deployed to 95% of the marked police vehicles in the six police zones. Having each vehicle equipped with a mobile data terminal allows:
 - Officers to file police reports directly from their vehicles.
 - Supervisors to review and approve the reports as officers complete them.
 - Supervisors to have access to a computer aided dispatch status screen with information to previous, active, and pending calls for service.
 - Supervisors to monitor the officer's time spent on calls.
 - Allows for access by police officers to other law enforcement systems such as the Pennsylvania State Crash Report System and the Pennsylvania Police Pursuit Reporting System.
 - Officers/Supervisors to have access to federal, state and local applications to perform queries for investigative purposes.
 - Officers to complete their arrest paperwork as mandated by the courts.
- Systems developed in 2012 for 2013 Deployment: The following systems were developed in 2012 and are expected to be deployed in the 1st quarter of 2013:
 - **Computerized Payroll and Deployment System:** Expand APRS to include entry of daily assignment data for all police officers. Shift supervisors will enter daily assignments by updating a default template consisting of positions established by the Chief of Police and filled through the standard bidding process. Time reports will be generated from APRS, replacing daily assignment sheets and most (but not all) payroll reporting cards as source documents for use by payroll personnel. This system will also give Bureau supervisors a snapshot of how the bureau is deployed at any given time. This will allow supervisors to have instant access to the resources that are available within the Bureau in the event of a public safety need. The system is currently in the testing phase.
 - **APRS Case Management System:** The Case Management System will identify cases, allow supervisors to assign cases to individual detectives or a team of detectives and track

and monitor progress on each case. This system can be customized to meet the needs of an individual investigative body separate from the needs of other units using the Case Management System. This system is currently in the testing phase.

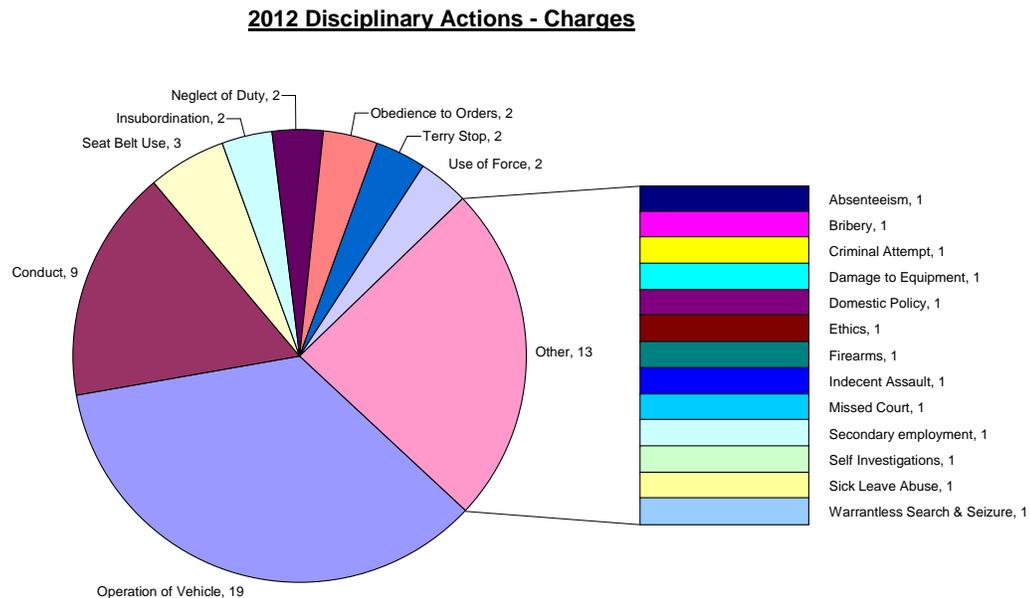

- **APRS Evidence Property Room Tracking System:** Enhance APRS to allow officers to group and print evidence labels directly from APRS. The barcode generated from APRS would then be used to automate the chain of custody and track the evidentiary property in the Property Room and Crime Lab. This enhancement would have to interact with the Allegheny County's Crime Lab's BEAST system. It would also automate the chain of custody logbooks by utilizing the officer's smartcards and the new property barcodes. This system is currently in the development/testing phase.
- **New Pawn System:** This project creates a fully featured system to catalog and efficiently search all pawn shop and second-hand store transactions for investigative purposes of the Pittsburgh Bureau of Police. The system will provide tools for the owners of these establishments to submit their transactional data electronically. This system will allow pawn data to be cross referenced and shared with the APRS and Modus Operandi (MO) electronic systems. This allows a burglary report to auto search the Pawn system and includes the seller and item information from PAWN in the MO software. This system is currently in the testing phase.
- **New County CAD System:** The Allegheny County Emergency Operations Center (EOC) has moved to a new CAD dispatching System. New CAD software has been installed on all zone marked police vehicle MDT's. This gives officers the ability to review call for service on their MDT's and access any call related information without having to request the rebroadcast of information over the police radio. Officers will have the ability to access this software as they complete required training. The training is expected to be completed for all officers in early 2013.
- *New projects for 2013:* The following are projects being initiated in 2013:
 - **Computerized Daily Activity Form in APRS:** This purpose of this project is to create an electronic version of the Daily Activity Report within APRS. This single report will consolidate the three different paper versions (Supervisor, Uniform, and Investigator) that exist today. This will allow for the elimination of the manual reports currently in use.
 - **Pre-Log -BEAST (Allegheny County Crime Lab):** This web based application, administered and maintained by the Pennsylvania State Police, will provide a means for designated Pittsburgh Bureau of Police personnel to pre-log evidence prior to its delivery to the Allegheny County Crime Lab.

Pittsburgh Police Disciplinary Actions, 2012

1. Total Disciplinary Actions Initiated:49

In 2012, there were 49 cases of police disciplinary actions initiated involving 41 officers. Of the 49 cases, 47 were finalized. Two cases are pending.

2. Disciplinary Action by Infraction: For the 49 DARs initiated in 2012, there were a total of 54 charges. The majority of infractions for which a disciplinary was initiated in 2012 involved officer operation of police vehicles (this includes the actual operation of the vehicle and seat belt use). The pie chart below provides a distribution of the 54 charges:

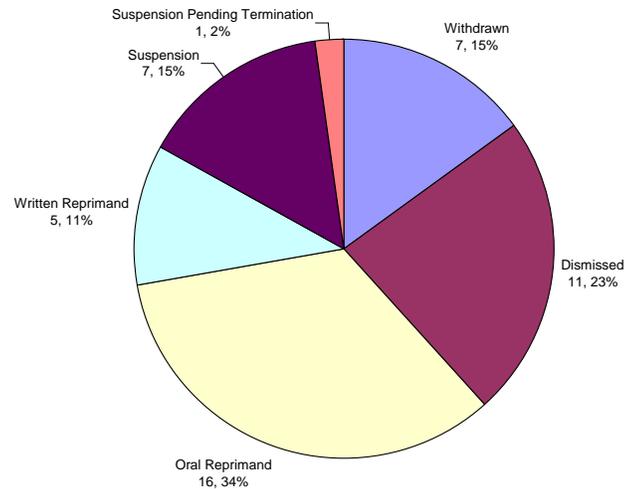

3. Disciplinary Action by Result: Disciplinary action initiated can result in six different outcomes:

- a. The disciplinary action can be withdrawn
- b. The disciplinary action can be dismissed
- c. An oral reprimand
- d. A written reprimand
- e. Suspension
- f. Five day suspension pending termination

In addition to the formal results of the disciplinary process, administrative actions can be initiated to include counseling, training and suspension from secondary employment.

The pie chart below provides a distribution of all results charged for the 47 completed disciplinary actions (does not include any administrative actions taken):

Result of Disciplinary Action Completed

4. The table below displays results of charges initiated compared to final outcome of the disciplinary actions by charge (multiple charges on some DARs):

Investigations Branch

The Investigations Branch provides dedicated law enforcement support to the investigation and clearance of crimes against persons and property. It is made up of two Divisions: Major Crimes and Narcotics, Vice & Firearms Tracking. Members of the Investigations Branch are responsible for the investigation of criminal offense, the detection, arrest & prosecution of criminal and the recovery of lost/stolen property for return to its rightful owner.

The Major Crimes Division consists of the following squads:

Arson (412-782-7646):

The Uniform Crime Reporting (UCR) Program defines arson as any willful or malicious burning or attempting to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Auto (412-255-2911):

The Uniform Crime Reporting (UCR) Program defines motor vehicle theft as the theft or attempted theft of a motor vehicle. In the UCR Program, a motor vehicle is a self-propelled vehicle which runs on land surfaces and not on rails. Examples of motor vehicles include sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles. Motor vehicle theft does not include farm equipment, bulldozers, airplanes, construction equipment or water craft such as motorboats, sailboats, houseboats, or jet skis. The taking of a motor vehicle for temporary use by persons having lawful access is excluded from this definition

Burglary (412-323-7155):

The Uniform Crime Reporting (UCR) Program defines burglary as the unlawful entry of a structure to commit a felony or theft. To classify an offense as a burglary, the use of force to gain entry need not have occurred. The Program has three sub-classifications for burglary: forcible entry, unlawful entry where no force is used, and attempted forcible entry. The UCR definition of "structure" includes, for example, apartment, barn, house trailer or houseboat when used as a permanent dwelling, office, railroad car (but not automobile), stable, and vessel.

Computer Crimes:

Detectives assigned to Computer Crimes are responsible for searching and securing all digital forensic evidence and for the proper preparation for transportation and recovery of digital forensic data. Detectives are members of High Tech Regional Task Force and the Financial Crimes Task Force.

Homicide (412-323-7161):

The Uniform Crime Reporting (UCR) Program defines murder and non-negligent manslaughter as the willful (non-negligent) killing of one human being by another. The classification of this offense is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. The UCR Program does not include the following situations in this offense classification: deaths caused by negligence, suicide, or accident; justifiable homicides; and attempts to murder or assaults to murder, which are scored as aggravated assaults.

Mobile Crime Unit (412-323-7131):

Crime scene investigators are responsible for conducting a thorough search of all major crime scenes in order to identify document, collect, and preserve all physical evidence.

Night Felony (412-323-7147):

The Night Felony Unit investigates crimes and processes crime scenes that occur between the hours of midnight and 8:00 am.

Robbery (412-323-7151):

The Uniform Crime Reporting (UCR) Program defines robbery as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Sex Assault and Family Crisis (SAFC) and Missing Persons (412-323-7141):

Forcible rape, as defined in the Uniform Crime Reporting (UCR) Program, is the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded.

How is a missing child defined? By law (specifically the 1982 Missing Children's Act), it's any person younger than 18 whose whereabouts are unknown to his or her legal custodian. Under the act, the circumstances surrounding the disappearance must indicate that the child was removed from the control of his or her legal custodian without the custodian's consent, or the circumstances of the case must strongly indicate that the child is likely to have been abused or sexually exploited.

Pursuant to the provisions of Pennsylvania's Megan's Law, 42 Pa.C.S. § 9791, the Pennsylvania's General Assembly has determined that public safety will be enhanced by making information about registered sex offenders available to the public through the Internet. Knowledge whether a person is a registered sex offender could be a significant factor in protecting yourself, your family members, or persons in your care from recidivist acts by registered sex offenders. Public access to information about registered sex offenders is intended solely as a means of public protection. Information concerning Megan's Law may be found at: <http://www.pameganslaw.state.pa.us/EntryPage.aspx>

A hate crime is a criminal act or attempted act against a person, institution, or property that is motivated in whole or in part by the offender's bias against a race, color, religion, gender, ethnic/national origin group, disability status, or sexual orientation group.

The SAFC Unit investigates all sexual offenses, child abuse cases, child abductions/attempted abductions, Megan Law violators, missing person cases and hate crimes. Sex Assault and Family Crisis investigates all sexual offenses, all child abuse cases, child abductions or attempted abductions, hate crimes and Megan's Law violations.

The Missing Persons Unit investigates all missing person cases for the city of Pittsburgh

Witness Protection Program (412-323-7843):

Witness protection provides temporary/permanent relocation and security to material witnesses and/or victims who testify against criminals who commit violent crimes.

The Narcotics/Vice & Firearms Tracking Division (412-323-7161) is committed to investigating and enforcing local, state and federal laws as they apply to individuals and organizations that may be responsible for the possession, sale, manufacture and/or distribution of any illegal, illicit or unlawfully possessed controlled substance or firearm within the City of Pittsburgh. The unit also enforces laws and ordinances as they apply to illegal nuisances within the City including but not limited to: illegal gambling, illegal lotteries, nuisance bars, prostitution and other related offenses. The Division consists of the following squads/units:

Asset Forfeiture: Responsible for the seizure of money and property that was obtained or purchased through illegal activities.

Weed & Seed: Is a comprehensive joint law enforcement and community investment strategy designed to help make communities safer.

Impact: The Impact Squads concentrate on the street level distribution of illegal drugs and guns with a strong emphasis on gangs and high crime neighborhoods.

Investigations: The Investigative Units are responsible for investigating the use and distribution of all controlled substances within the City of Pittsburgh

Firearms Tracking: Responsible for investigating the origin of all firearms seized by the Pittsburgh Police. Narcotics/Vice and Firearms Tracking personnel respond to the needs of the community by attending community meetings, conducting drug and firearm safety presentations to schools and community groups. They respond whenever requested to spread the message of the devastation created by the use and distribution of illegal drugs and guns.

Vice: Investigations center on prostitution, illegal gambling and nuisance bars. Additionally, detectives assigned to the Narcotics & Vice unit work in conjunction with various local, state and federal agencies to network and share resources that can allow for the enforcement of narcotics and firearms violations on these levels when appropriate.

Operations Branch

The Operations Branch is comprised of 574 officers deployed in six (6) geographic Zones throughout the City of Pittsburgh, as well as the Citywide Special Deployment Division (SDD). The number of officers assigned to each Zone is based on a number of factors; including, the current staffing level of the Bureau of Police, geographic size of the Zone, demographics within the Zone, criminal activity and calls for service.

The number of Police Officers assigned to each Zone also includes the management, supervisory and investigative positions of Commander, Lieutenant, Sergeant and Plainclothes Detective. Each Zone's Plainclothes Detectives supplement the work of the Investigations Branch Detectives within their respective Zones.

Each Zone, led by an experienced Commander, is responsible for maintaining the peace in their respective geographic area (Zone); ensuring adequate Operations Branch personnel are available and prepared to meet the daily challenges of each and every shift; preparing and executing plans and strategies to immediately deal with emerging criminal trends and patterns; and coordinating with members of the community and other government agencies to address all criminal activity – from serious, violent crime to nuisance, quality of life crimes.

The Special Deployment Division (SDD) is comprised of a number of highly trained Specialty Units; including, the Motorcycle Unit, Street Response Unit, Collision Investigation, Commercial Vehicle Enforcement, Tow Pound, Impaired Driver Section, SWAT, River Rescue and the Graffiti Unit. The mission of SDD officers is to provide a rapid city-wide response to specific incidents while continually supporting their colleagues in the Zones on a daily basis. Officers assigned to SDD - equipped with specialized training and equipment – work in teams to resolve a wide spectrum of complex and time sensitive problems, which greatly adds to the quality of life in affected areas.

The six police along with their demographics and police activities are shown on the following pages.

Special Deployment Division: The Special Deployment Division (SDD) consists of support units that provide specially trained and equipped officers to handle a variety of assignments and tasks throughout the City. SDD has the following disciplines: Traffic Division, Collision Investigation Unit, Commercial Motor Vehicle Enforcement Unit, SWAT, River Rescue, Impaired Driving Unit (which includes the DUI Task Force and Drug Recognition Expert (DRE) programs), Car Seat Inspection and Education Station, Tow Pound Unit, and the Graffiti Task Force. In addition to the normal duties, SDD is also responsible for coordinating over \$500,000 dollars in highway safety related grants that provide additional enforcement activities throughout the City of Pittsburgh. These grants allow the PBP to use enforcement and education to help reduce crashes and fatalities on our roadways that are the result of unsafe commercial vehicles and impaired and aggressive drivers.

Motorcycle Unit: There were twenty-seven officers assigned to the motorcycle unit in 2012 consisting of one lieutenant, four sergeants, and twenty-two police officers.

The primary duties of the motorcycle officers are traffic enforcement and the management of major civic events. The a.m. shift officers are assigned to both the downtown area for morning rush hour, and to school zones for speed enforcements. The split shift officers are assigned to speed enforcement, followed by afternoon rush hour and then once again to speed enforcement. While not detailed to enforcement, all motorcycle officers are assigned to zone patrols. Areas for speed enforcement and school zone enforcement are directed by complaints. All complaints received thru the 311 system, zone commanders, community meetings, city council requests or any other source are responded to.

Motorcycle officers are assigned to all major events within the city. Games and concerts at Heinz Field, PNC Park, and the Consol Energy Center are staffed with motorcycle officers. Officers work the traffic take and break of the event, and then provide patrols in the area during the time of the event. Officers manned parades, festivals, and community public safety events. Motorcycle officers provided escorts for all dignitaries that visited the city. Officers provided funeral escorts for all retired officers who passed away as well as for the family members of other police officers upon request. Motorcycle officers also assist other units by back filling vacancies.

Traffic Control and Enforcement Conducted by the Motorcycle Unit

| <u>Parkers</u> | <u>Movers</u> | <u>Traffic Stops</u> | <u>Tows</u> | <u>Calls</u> |
|----------------|---------------|----------------------|-------------|--------------|
| 4,962 | 10,091 | 10,649 | 1,908 | 16,139 |

Commercial Motor Vehicle Enforcement Unit: The primary function of the Commercial Motor Vehicle Enforcement Unit is to ensure that all drivers and commercial motor vehicles being operated on the roadways are in compliance with all safety regulations set forth by the Federal Motor Carrier Safety Administration (F.M.C.S.A.) as well as all state and local laws. Inspectors conduct roving patrols and stationary checkpoints throughout the City of Pittsburgh and also assist state and other local agencies upon the request. Additionally, a (MCSAP) inspection is required on all commercial motor vehicles that are involved in a fatal collision. The unit currently has 8 (MCSAP) inspectors. Of the 8 inspectors, 6 are trained general hazardous materials inspectors, 8 are certified motor coach inspectors and 3 are certified cargo tank inspectors.

In 2012, the unit completed 137 checkpoints, 1,056 commercial vehicle inspections and 35 aggressive driving details (resulting in 168 vehicle stops).

Collision Investigation Unit: The Collision Investigations Unit consists of 10 traffic officers and 1 sergeant who are responsible for investigating all collisions that involve fatalities and/or critical injuries. Officers also respond to and investigate all reportable crashes involving a city police vehicle. In 2012, sixty-eight collisions resulting in 18 fatalities, 26 critical injuries, 0 major injuries and 14 minor injuries were investigated. One hundred nine vehicles were given a state safety inspection by our five certified State Inspection Mechanics.

Tow Pound Operations: Towing and Impound Services is the liaison between the City of Pittsburgh and McGann and Chester LLC, who remains the secure facility for vehicles that are towed by the police for violating auto laws. The unit also files the original towing notices and returns all seized revoked or suspended registration plates and drivers licenses to PENNDOT. In 2012, McGann and Chester towed and secured 8,807 vehicles for the Pittsburgh Bureau of Police.

Abandoned Vehicles: The primary goal of this section is to remove abandoned vehicles as quickly as possible in a legal manner so as to improve neighborhoods from blight and safety hazards. It is staffed by a civilian and a police officer. In addition there are six police officers (one from each zone) assigned to tow abandoned vehicles in their respective zones. There were 1,762 abandoned vehicles investigated in 2012 resulting in 875 tows, 783 vehicles discovered having been moved, 22 vehicles moved to private property after receiving notice and 87 were brought up to code.

SWAT Team/Tactical Operations Section (TOS): The primary mission of the Pittsburgh Bureau of Police SWAT Team is to provide a quick and tactical response to critical incidents. The Pittsburgh Bureau of Police recognizes that it is essential to the safety of its citizens that a highly trained and highly skilled tactical team be properly manned and available if the need arises to handle critical incidents. There were 122 deployments of the unit 2012. Breakdown of deployments:

| <u>Type of Incident</u> | <u>2009</u> | <u>2010</u> | <u>2011</u> | <u>2012</u> |
|--------------------------------|--------------------|--------------------|--------------------|--------------------|
| Hostage Situations | 1 | 3 | 8 | 3 |

| Mutual Aid Region 13 | <u>2</u> | <u>3</u> | <u>7</u> | <u>5</u> |
| Total Deployments | 96 | 120 | 145 | 122 |

Tactical Negotiations Team (TNT): The City of Pittsburgh Bureau of Police recognizes the inherently special value of each human life, and it is the mandate of the Tactical Negotiations Team (TNT) to save lives and to resolve critical incidents while attempting to avoid unnecessary risk to officers, citizens, victims and subjects. The TNT seeks to resolve crisis situations through a combined application of tactics and negotiations, resulting in the peaceful resolution with all public safety personnel uninjured, all hostages and victims rescued and all subjects in custody.

During the calendar year of 2012, TNT responded to approximately 75 callouts with SWAT in addition to approximately 125 other calls in which their skills were used to peacefully resolve situations.

River Rescue Police Boat Operators: River Rescue provides enforcement on the rivers for all boating laws. Officers are involved in Homeland Security patrols for major events. Officers provide support for EMS divers in response to medical calls/rescues as well as the Underwater Hazardous Device Diver Team which is made up of Police and EMS divers.

Breath Testing Unit: The Breath Testing Unit assists in the investigation and prosecution of impaired drivers throughout the City. In addition to administering various impairment tests to determine the level of intoxication of drivers, these officers also respond to the various hospitals in the area to have blood drawn during the investigation of alcohol or drug related crashes. The officers in this section administer an average of 87 impairment tests every month. Pittsburgh Bureau of Police Breath testing is available to other municipal police agencies, university police departments and the PA Fish and Boat Commission. Sub categories of the Breath Testing unit include DRE (Drug Recognition Expert) and the DUI Task Force, which include monthly DUI checkpoints. Members of the Pittsburgh Police and other agencies arrested and tested 1,040 individuals for impaired driving in 2012. Results by unit/agency:

- Zone 1 – 110 DUI arrests
- Zone 2 – 97 DUI arrests
- Zone 3 – 280 DUI arrests (doesn't include DUI Checkpoint totals)
- Zone 4 – 169 DUI arrests
- Zone 5 – 78 DUI arrests
- Zone 6 – 146 DUI arrests
- S.D.D. - 33 DUI arrests
- Pittsburgh Police DUI Checkpoints – 79
- Carnegie Mellon Police - 10 DUI arrests
- Greentree Police Department – 8 DUI arrests
- McKees Rocks - 0 DUI arrest
- University of Pittsburgh Police – 0 DUI arrests
- Fish and Boat Commission – 6 DUI tests
- Port Authority Police – 0 DUI arrests
- Allegheny County Sheriff Department – 5 DUI arrests
- Duquesne University – 2 DUI arrests
- PA State Police - 0 DUI arrests
- Misc. – 0 DUI arrests

2012 Statistics for the DUI Task Force

- Grant Funding: \$99,951
- 5 checkpoints
- 88 DRE evaluations
- 4,155 traffic stops
- 101 arrests for impaired drivers
- 55 arrests for other violations
- 30 roving patrols
- 5 mobile awareness patrols
- 278 field sobriety tests
- 588 warnings issues
- 966 traffic citations issued
- 102 vehicles towed

Click It or Ticket and Smooth Operator Grants: In 2012, SDD performed numerous Click It or Ticket (Buckle Up) and Smooth Operator (Aggressive Drivers) Campaigns and received \$64,000 in grant monies.

We utilize safety checkpoints, seatbelt minicade details, and traffic enforcement patrols for the Buckle Up campaign. 2012 Buckle Up statistics:

| <u>Type of Incident</u> | <u>Count</u> |
|--------------------------------|--------------|
| Officer contacts | 3,460 |
| Occupant protection violations | 127 |
| Speeding citations | 150 |
| Other moving citations | 361 |
| Driving under suspension | 22 |
| Equipment citations | 38 |

The Aggressive Driving program is zero tolerance enforcement for aggressive driving. It was set up over four different time periods during the year. Our department utilized stationary speed enforcement, and mobile traffic enforcement activities on State Rt. 19 (Banksville Rd, West Liberty Ave, Marshall Ave) and State Rt. 51 (Saw Mill Run Blvd, West Carson St). These roadways are mandated by PENNDOT, based on reportable crash data on state roadways. Aggressive Driving program statistics:

| <u>Type of Incident</u> | <u>Count</u> |
|--------------------------------|---------------------|
| Officer contacts | 2,249 |
| Speeding citations | 677 |
| Other moving citations | 1,301 |
| Occupant protection violations | 138 |
| Driving under suspensions | 49 |
| Equipment violations | 205 |
| Various arrests | 4 |

Child Occupant Protection Education Station (COPES): The COPES program at SDD is operational on Fridays from 0900-1500 and the 3rd Tuesday from 1400-2000. COPES educated over **250** parents in 2012 on the proper installation of car seats and child/passenger seat safety.

Also, Pittsburgh Police Child Passenger Safety (CPS) technicians assist other Agencies in the region on a monthly basis by conducting car seat checks at their facilities. The average number of appointments in those 4 hour events is 28, with a maximum of 32. We co-sponsor a check with Pittsburgh Bureau of EMS every February.

Graffiti Task Force: The City of Pittsburgh Graffiti Task Force is nationally known as a leading authority on graffiti prosecutions. To date, three graffiti vandals have been sentenced to a state prison nationally. Two of the three national cases were successfully prosecuted by the City of Pittsburgh Graffiti Task Force. Results of the Graffiti Task Force efforts in 2012:

| <u>Type of Incident</u> | <u>Count</u> |
|----------------------------------|---------------------|
| Arrests | 8 |
| Zone arrests assistance provided | 9 |
| Assists to outside agencies | 17 |
| Graffiti reports received | 213 |
| Restitution | \$10,564 |

Crime in the City of Pittsburgh, 2012

Crime Statistics: Crime statistics can be misleading as they only represent reported crime. In some areas residents do not report crime and in others, almost all crime is reported. Reporting also varies greatly by type of crime; while most violent crime is reported; minor property crimes are often not reported.

In general, crime is a deviant act that violates a law. Those laws can be federal, state, and/or local laws.

Crimes are separated into two categories (Parts) within the federal Uniform Crime Reporting (UCR).

Caution Against Comparisons: Some entities use reported crime figures to compare neighborhoods within the City. These neighborhood comparisons provide no insight into the numerous variables that mold crime in a particular area. Simplistic comparisons based only upon crimes that occur in an area do not take into account the fixed population, the transient population, the factors that lead to a particular crime (such as an area with a high density of parking lots may have more occurrences of thefts from vehicles), the geography and other factors that impact crime. Consequently, they lead to simplistic and/or incomplete analyses that often create misleading perceptions adversely affecting communities and their residents. Valid assessments are possible only with careful study and analysis of the range of unique conditions affecting each neighborhood.

Part I Crimes: Part I Crimes are eight main offenses used to gauge the state of crime in the United States. These offenses are:

Crimes Against People

Homicide
Forcible Rape
Robbery
Aggravated Assault

Crimes Against Property

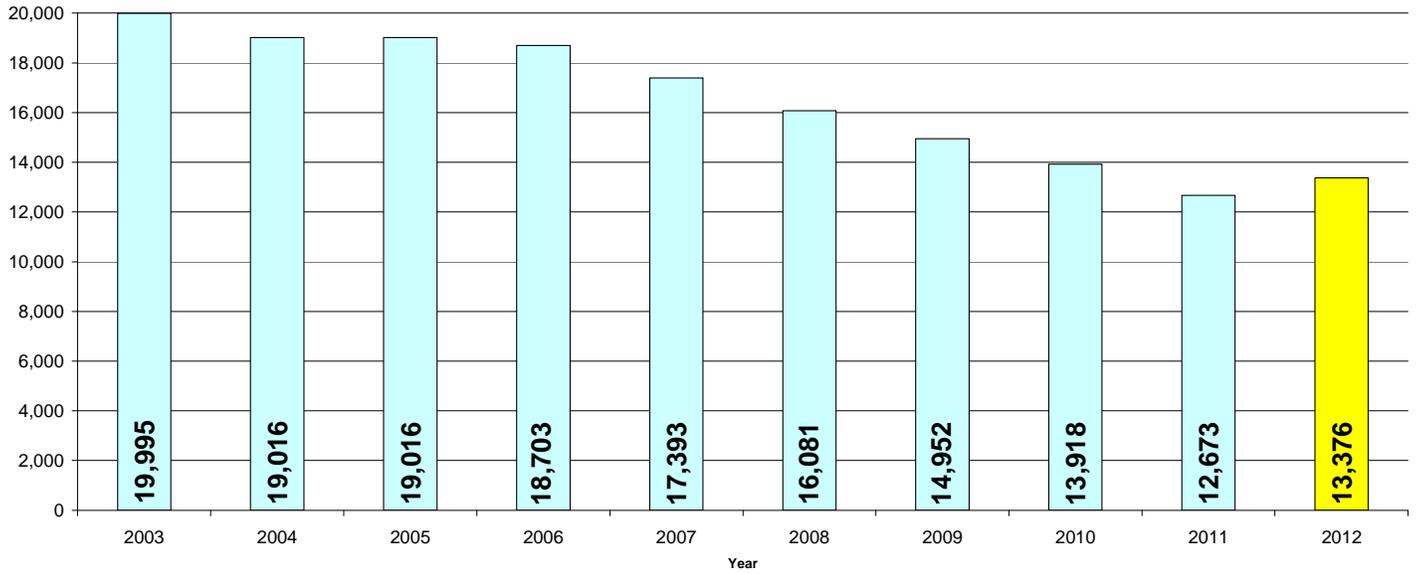

Burglary
Larceny-Theft
Motor Vehicle Theft
Arson

Crime by Neighborhood, 2012

Crimes by Neighborhood are divided into three distinct sections: Total Crime Rate (Part I & Part II) per 100 Citizens by neighborhood.

Total Crime Rate is calculated by combining the total Part I Crimes and Part II Crimes of a neighborhood, dividing the sum by the fixed neighborhood population (using 2010 census data) and then multiplying by 100. The resulting crime rate should not be used to compare one neighborhood to another; but, rather as a starting point to study crime in your neighborhood. Note: For last year's annual report, 2000 census data was used. The changes in the population from the two sources of census data affect the resulting crime rate.

If you are concerned with your neighborhood crime rate, use the following two sections (Part I and Part II Crimes by Neighborhood) of Crimes by Neighborhood to investigate what type crime is driving the crime rate in your neighborhood. Page numbers for each neighborhood and their respective Part I and Part II Crime are provided for your reference.

You should then work with the police; your community leaders and your neighborhood watch groups to help develop methods to reduce that crime. As noted, the crime rate only reflects the rate of crime as it impacts our fixed population and does not consider the many visitors that come into our City to work and to enjoy themselves.

8. Response Times: Of the 258,919 calls for service, 230,541 were able to have response times calculated. Using a measure of central tendency for police calls for service response time is not useful as most calls for service have a response time ranging from 0 minutes and 0 seconds thru 0 minutes and 16 seconds creating an unusable mean, median and mode. Analysis of response times by binning them into 10% sectors indicates that 90% of all police calls are answered in less than 6 minutes and 37 seconds.

Summary of Pursuits Involving Fatalities: In 2012, 3 PBP vehicle pursuits involved 4 fatalities:

- **March 5, 2012 (2 fatalities):** A stolen vehicle involved with a robbery of a motor vehicle on the South Side is spotted on Hamilton Avenue in Zone 5. Officers attempt to initiate a traffic stop and the vehicle flees at a high rate of speed. While fleeing police, the driver of the stolen vehicle loses control of the vehicle and strikes a brick wall in Wilkinsburg on Penn Avenue at Montier Street. Both the driver and the sole passenger were killed.
- **October 16, 2012 (1 fatality):** At about 3:31 a.m. in the morning, an officer observes a vehicle driving without headlights on the 16th Street Bridge towards Liberty Avenue. After catching up with the vehicle and verifying that it had no lights on whatsoever, the officer attempts to initiate a traffic stop. After first appearing that the vehicle was pulling over, it instead flees. Officer attempts to pursue the vehicle; but, before the officer can even catch up with the fleeing vehicle, it becomes involved with a vehicle on vehicle collision with a privately owned sanitation vehicle. The driver of the suspect vehicle is taken to the hospital and dies a short time later.
- **November 7, 2012 (1 fatality):** After observing a vehicle commit a traffic violation on 28th Street near Smallman Street, officers attempt to initiate a traffic stop. The suspect vehicle flees and a pursuit is initiated. During the pursuit, the officers are notified that the fleeing vehicle had been taken in a robbery of a motor vehicle earlier in the week. The vehicle pursuit transitions to a foot pursuit after the driver crashes into another vehicle and abandons the car to flee on foot. While attempting to flee on foot, the driver of the vehicle jumps into the Allegheny River and drowns.

9. **Date/Time Analysis of Pursuits:** The average monthly number of pursuits was 15. The months of September and October exceeded this average by more than one standard deviation each. The monthly distribution is shown below:

Most pursuits occur on the P.M. (3 p.m. thru 11 pm.) shift as shown on the pie chart below:

Further shift shows that a majority of the P.M. (3 p.m. thru 11 p.m.) pursuits happen during the normal work week (Monday thru Friday) while a majority of the Night (11 p.m. through 7 a.m.) happen on days associated with a normal weekend (Friday thru Sunday) as shown shown in the crosstab:

The highest number of use of force incidents occurred in the following areas:

- Southside Flats, census tract 1702 (117 incidents/200 subject resistance reports)
- The South Shore, census tract 1921 (58 incidents/116 subject resistance reports)
- Central Business District, census tract 201 (41 incidents/61 subject resistance reports)

The most common resisting subjects encountered by officers in 2012 were males, aged 20-29. The second highest resisting group were males, aged 30-39 (Table #5).

Force/Control Options

In responding to subject resistance, police officers employ a continuum of control. The continuum of control aids officers in determining whether a particular control option constitutes a reasonable method of control under a given set of facts and circumstances. The three most frequently used options in 2012 were forcible handcuffing, attempts to control resisting subjects by grabbing, pushing, or pulling (categorized as “Other”), and takedowns. These were also the most frequently used levels in 2011 (see Table #6 for a comparison of 2011 to 2012). The TASER was used a total of 114 times during 2012 which was a 33% decrease in usage when compared to 2011. It should be noted that the most frequent levels of force have been and continue to be at the lower end of the force continuum of control.

Firearms Review

There were 91 firearms discharges reviewed in 2012. Nine officers fired their weapons in self-defense in 7 separate incidents involving 7 actors. No officers were seriously wounded. Three of the 7 actors were injured. Seventy-seven officers used their firearms to destroy injured animals and 5 officers fired at attacking dogs.

Canine Review

At the end of 2012, there were 22 K-9 teams working. There were 676 reported canine uses which led to 241 non-bite apprehensions and 20 bite apprehensions.

Injury Review – Resisting Subjects

Forty-four percent or 412 of the resisting subjects reported injuries in 2012. This is the down from the 46% that reported injuries in 2011. Of the 412 resisting subjects who reported injuries, 68 were listed as being “treated/admitted” (42 were actually involuntary commitments). Of the remaining 26 who were reported as treated and admitted, 2 were admitted due to drug and/or alcohol overdoses, 3 were admitted due to swallowing narcotics to prevent recovery by arresting officers, 16 were admitted for injuries sustained during the encounter with police, 3 were admitted for injuries sustained prior to the encounter with police and 2 were admitted due to pre-existing medical conditions. Twenty-nine were self-treated or treated by EMS, 280 were treated and released and 35 refused treatment. The most common type of injury to resisting subjects was cuts/abrasions to the face, head, and hands resulting from strikes to the face or from the ground during a takedown or ground fighting.

Injury Review – Officers

Eight percent or 118 officers reported injuries in 2012. This is down from the 10.5% or 125 officers who reported injuries in 2011. No officers were seriously wounded. Sixty-three officers were listed as self treated or treated by EMS and 29 were treated and released. Common injuries to officers were hand and wrist injuries, cuts and abrasions.

Notice of Right to File a Complaint

(Ordinance No. 21, paragraph 21 dated October 20, 2011)

Members of the public have the right to file a complaint concerning police conduct. The complaints can be filed electronically, by facsimile, letter, by telephone or in person.

Complaints may be filed at:

The Office of Municipal Investigations

<http://www.city.pittsburgh.pa.us/omi/>

The Office of Municipal Investigations (OMI) is responsible for coordinating the receipt, analysis and investigation of citizen complaints of civil and/or criminal misconduct alleged against employees of the City of Pittsburgh.

This includes uniformed personnel such as Fire, Police, Emergency Medical Services, and Building Inspection employees. OMI is a fact finder and does not make disciplinary recommendations or decisions. Its findings are referred to the Director of the Department in which the employee works. OMI relies on City work rules, union contracts, Civil Service regulations, City Code, and State laws to define illegal and inappropriate conduct. It is OMI's responsibility to insure that all citizen complaints receive fair, accurate, thorough and timely investigations.

The Citizens' Police Review Board

<http://www.city.pittsburgh.pa.us/cprb/>

The Citizen Police Review Board (CPRB) is an independent agency set up to investigate citizen complaints about improper police conduct. The CPRB was created by voter referendum, and its rules are governed by Title Six, Article VI of the City Code.

The CPRB is made up of seven unpaid board members appointed by City Council and the Mayor. Board members serve a four-year term. While serving, they oversee all aspects of complaint handling: from initial review to public hearings and meetings to recommendations, if applicable.

The CPRB can only investigate complaints related to the City of Pittsburgh Bureau of Police and any officer thereof. The CPRB does not handle complaints about Fire, Emergency Medical Services, Building Inspection employees, or any other department, bureau, or division within the City of Pittsburgh.
