Melwood Avenue Northbound toward Gold Way, Google, Sept 2019

Allegheny West-District 6,8 - Melwood Ave is a two-way City street with parking on both sides located in Polish Hill and North Oakland. Facilities along the connector, which spans both residential and business areas, will serve cyclists and improve safety for all road users. Improvements on Melwood Ave will connect existing facilities on Bayard Avenue and the Gold Way neighborway. The community will be consulted on this project according to the Department of City Planning's Public Engagement Guide.
