

# Henderson Street Wall Repair

## Project Timeline

2019 – Geotechnical investigation & design initiated

March 2020 – Final Plans approved

April 2020 – Project bid for construction

July 2020 – Contract awarded to A Merante

November 2020 – Utility aerial lines relocated

January 2021 – Project start up

May 2021 – Project Completion

## Project Funding

Design - \$85,000.00

Construction - \$346,000.00

## Funding Source

City Capital Budget

## Project Contact

Project Manager: Tom Joyce

Title: Operations Manager

Email address:

## Fineview / 25th Ward

Prior to 2018 a portion of the retaining wall supporting Henderson Street sidewalk collapsed resulting in the closure of a portion of the heavily used sidewalk along Henderson Street. The portion of the sidewalk affected by this wall collapse was closed and a protective fence was installed.

The Department completed design plans to construct a 55' long wall and additional portions of the sidewalk along Henderson Street.

This project was awarded to A. Merante Contracting, Inc. The project was completed in May 2021.

The project is complete and the pedestrian mobility of the community has been reestablished by reconstructing the collapsed sidewalk and adding cross walks.
