Join the fun! Walk to School Day is an international holiday celebrated in October each year. A Walk to School Day event is a simple starting place for getting students started safely walking to school, and introducing schools, families, and community groups to Safe Routes to School.

Our school's Walk to School Day event is on

Wednesday, October 13th

The school with the most walkers to participate in Walk to School Day will receive the SRTS Golden Sneaker Award. Your school must register at [Safe Routes to School | pittsburghpa.gov](https://pittsburghpa.gov/srts)

Safe Routes to School is a program aimed at getting more students and their families walking and biking to school where it is safe, and to make it safe where it isn't safe. Participating in International Walk to School Day is a great way to get started.
