

# Riverview Park – Slide S8

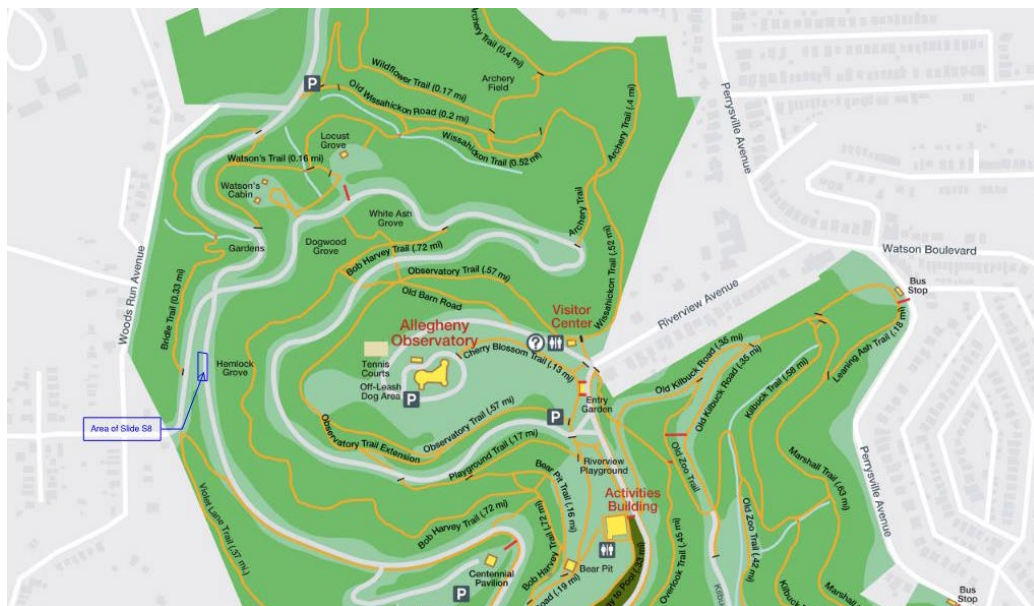

## Project Timeline

Fall 2021 – Geotechnical investigation

Winter 2021 – Design begins

Spring 2022 - Project Advertised

Summer 2022 - Construction starts

## Project Funding

Design – \$80,000

Construction – \$700,000

## Funding Source

Regional Asset District capital funds

## Project Contact

Project Manager: Tom Joyce

Title: Operations Manager

Email address:

Thomas.joyce@pittsburghpa.gov

## Perry North / Riverview Park / 26<sup>th</sup> Ward

Riverview Park is an important asset to the City of Pittsburgh and is heavily used by City residents. This project is the reconstruction of the street that goes thru the park. A site visit was conducted in 2019 with a follow up geotechnical investigation to start in the fall of 2021.

It is anticipated that design will start in the winter of 2021 with project advertisement in the spring 2022 and construction to follow in the summer of 2022.

During the construction process, the street will remain open. However, the street width will be narrowed.

Remediation of this slide area will improve the vehicular and pedestrian use of the street thru this portion of the park.
