How did the meeting inform the community about the development project?

Ex: Community engagement to-date, location and history of the site, demolition needs, building footprint and overall square footage, uses and activities (particularly on the ground floor), transportation needs and parking proposed, building materials, design, and other aesthetic elements of the project, community uses, amenities and programs.

Proposing a sign to highlight the lighting on the City County Building. In 2018, the CCB celebrated it's 100-year anniversary and as part of celebrations the City partnered with Duquesne Light for lighting on the building. They agreed to signage highlighting the contributions. The sign will have historic information about the building, similar to the sign for the County Courthouse. Proposed on Grant Street facing from the building. Showed sign details, design, and location.

Input and Responses

Questions and Comments from Attendees	Responses from Applicants
Are any accessibility features on the signage such as braille?	Not a part of the proposal.
Art Commission is often interested in accessibility so this may be something to take back in a redesign.
