Pittsburgh's Fall 2018 Student Police Academy

Students will receive **three hours** of training once a week for **10 weeks** in many of the varied functions of law enforcement. They'll experience some of the highlights of police training and are exposed to the operations of the police bureau. Great opportunity for anyone considering a career in law enforcement!

Participants are taught the basics of criminal law, search and seizure, patrol tactics, firearm safety and many other subjects. They'll learn about the processing of a crime scene, how Emergency Operations Center operates and are exposed to many of the specialty police units. Student Police Academy participants will meet and talk with many of the street officers as well as the command staff and training staff that serves them.

All this takes place in a safe and entertaining training environment.

Instructors are law enforcement professionals who teach both veteran and recruited police officers. Students will leave with a greater understanding of the police mission and with an increased ability to see how the police serve the community.
