PLI is moving online, updating our Rules and Regulations, and welcoming new staff

New Business License Requirements starting Thursday November 15th!

PLI has updated the business licensing code, making it safer and easier to do business in the City of Pittsburgh.

These updates go live on **Thursday, November 15**, and effect [Business, Contractor, and Trade License holders](#) who are renewing, or applying for a new license. Some highlights include:

- new insurance limits and requirements
- new fire suppression contractor license
- 8 continuing education credits for Trade License holders (Electricians, HVAC, Fire Suppression, and Stationary Power Engineers).

For a complete list of requirements, check out our new [Rules and Regulations document](#).

Questions concerning these new requirements can be directed to pliapptech@pittsburghpa.gov.

PLI has sent postcards to existing license holders, and will continue to do individual outreach.

For more info, and a complete list of affected business and trade license holders: [New Business License Regulations](#) [PLI Continuing Education Units Guide](#) for Trade Licenses

**OneStopPGH Phase 1
Coming this winter!**

Coming this winter, new and renewing [Business, Contractor, and Trade License holders](#) will now be able to apply for their licenses online as part of phase 1 of **OneStopPGH**, our new online permitting and licensing website! This multi-department collaborative roll out will continue throughout 2019, and will eventually include all PLI permits, as well as Zoning, the Fire Bureau, and DOMI.

New Staff

We excited to introduce our new Combined Construction Inspection Supervisor **Kurt Schaefer**, our new Operations Inspection Supervisor **Andrew Brown**, our new Government and Community Affairs Liaison **Sally Stadelman** (left to right). Sally, Andrew, and Kurt are happy to help with all things PLI, and look forward to working with you!

Dept. of Permits, Licenses, and Inspections | 412-255-2175 | Director: Maura Kennedy
