Shadyside neighborhood, Cloud Arbor (Near Pittsburgh Children's Museum): VisitPittsburgh
I am pleased to present to you the City of Pittsburgh’s (the “City’s”) Popular Annual Financial Report for the year ended December 31, 2014. This report is intended to increase awareness throughout the community of the financial operations of the City. As such, this report is written in a user friendly manner that will summarize and communicate the City’s financial condition. I am pleased that, for the fifth consecutive year, the City’s Controller’s Office has received the Award for Outstanding Achievement in Popular Annual Financial Reporting from the Government Finance Officers Association (“the GFOA”) for the Popular Annual Financial Report.

In addition to providing financial information, it is important to demonstrate what makes Pittsburgh a great place to live, study and work. Pittsburgh’s economy is supported by a vast network of for-profit and not-for-profit businesses. It is important for us to demonstrate the role City government is playing in supporting these activities.

Financial information within this report is derived in large part from the City’s 2014 independently audited set of financial statements that are prepared in accordance with generally accepted accounting principles. These audited statements are part of the City’s 2014 Comprehensive Annual Financial Report (“CAFR”). We are proud to say that the City’s Controller’s Office CAFR has been awarded a Certificate of Achievement for Excellence in Financial Reporting by the GFOA for each of the past 22 years.

I welcome any feedback, comments, or concerns regarding the information included in this report.

Sincerely,

Michael E. Lamb

“*According to The Economist, the concept of livability is simple. “It assesses which locations around the world provide the best or the worst living conditions. Worldwide, Pittsburgh ranks No. 30 out of 140 cities surveyed.” The Economist

---

* Philadelphia Charles Klauder, one of the foremost Gothic architects of the time, was hired to design Pitt’s Cathedral of Learning. The final architectural plan attempted to unite the idea of a modern skyscraper with the look of Gothic architecture. The building took two years to complete. The first Pitt classes were held in the building in 1931. The Cathedral of Learning is well-known for its 29 Nationality Classrooms.

Another interesting fact is that a pair of Peregrine Falcons reside within eyesight of a 40th floor balcony.

**About this Report**

Although this report is largely based on the City’s 2014 Comprehensive Annual Financial Report, this report is not prepared in accordance with generally accepted accounting principles (“GAAP”). Only the financial data for the general government is included in this report and, therefore, all of the City’s discretely presented component units are excluded. Additionally, information is presented in a summarized manner and certain financial statements and note disclosures required by GAAP are omitted. A copy of this PAFR as well as the City’s audited 2014 CAFR, which is prepared in accordance with GAAP, is located at [www.pittsburghpa.gov/controller](http://www.pittsburghpa.gov/controller).

**PPG Place, Pittsburgh’s own Crystal Palace, excites the mind with the inspiration of Philip Johnson’s and John Burgee’s neo gothic masterpiece which is reminiscent of a meld of classic and modern architecture. Its glass curtain shroud exterior showcases over one million square feet of PPG Solarban 550 Twindow plate glass. The 19,750 panels of the newly perfected tin-tub, float glass, were enhanced by a value-added solar-glass formula, solar and heat-reflecting coatings, which made this daring experimental structure possible.**

**the pittsburgh promise.**

In cooperation with the Pittsburgh Public School District, the City of Pittsburgh is involved with The Pittsburgh Promise program. This program provides scholarships of up to $10,000 per year to qualified students for any post-secondary education within Pennsylvania.

As of the end of 2014, more than 5,500 graduates of the Pittsburgh Public Schools have taken advantage of The Pittsburgh Promise scholarship. For more information on The Pittsburgh Promise, please visit [www.pittsburghpromise.org](http://www.pittsburghpromise.org)
2014 Highlights

**Hill District:** Approval of 28-acre redevelopment of former Civic Arena site, which will include the new headquarters of U.S. Steel.

**Downtown:** Approval of Oliver Building renovation and demolition of Former Saks Fifth Avenue department store.

PNC Bank’s new global headquarters and “Gardens of Market Square” are under construction in Pittsburgh’s Golden Triangle.

**Uptown:** In September, the Paramount Pictures Film Exchange Building regained second life thanks to StartUptown. StartUptown is a non-profit focused on revitalizing Uptown through the use of co-working campuses that foster the growth of technology and social startups.

**Hazelwood:** Redevelopment of former LTV Coke Works.

**North Shore:** Alco Parking proposed office towers with parking garage behind PNC Park.

The City of Pittsburgh continues to be a great place to live and work, as noted in many nationally recognized publications over the past few years. Pittsburgh has been recognized as the “most livable city” in the United States many times over the last five years.

**East Liberty:** Eastside III Redevelopment Project is under construction. Includes restoration of the historic Daniel Burnham-designed building, luxury apartments, a host of amenities and two boutique hotels.

**Various:** The first phase of protected bike lanes were completed. Three segments were placed in Schenley Park, Greenfield and Downtown.

**Squirrel Hill:** New Frick Environmental Center is being built in the footprint of the old center on Beechwood Boulevard.

**Point Breeze:** Completion of Phase I of redevelopment of the Frick Art & Historical Center. Secured funding for Phase II with a projected completion date in early 2016.

**Larimer:** The U.S. Department of Housing and Economic Development awarded a $30 million Choice Community implementation grant to Larimer. The estimated $400 million overall community development will lead to the construction of 350 mixed-income housing units, support 2,000 jobs and create one of the greenest housing developments.
Pittsburgh Government

Permits, Licenses and Inspections
Permits, Licenses and Inspections is responsible for the administration and enforcement of the Pittsburgh building code and zoning code and also enforces the City’s various business and trade licenses.

Bureau of Emergency Medical Services
The Bureau of Emergency Medical Services is dedicated to the health and safety of residents and visitors through the provision of advanced life support, pre-hospital care, medically directed technical rescue and transportation of the ill and injured.

Bureau of Fire
The Bureau of Fire develops, implements and administers public safety programs in areas of fire suppression, first responder emergency medical care, fire prevention, hazardous materials code enforcement, fire and arson investigation, and public education.

Bureau of Police
The Bureau of Police is responsible for the protection of life and property, the enforcement of criminal and traffic law violations, and the prevention of crime.

Department of Public Works
The Department of Public Works maintains the City’s infrastructure by resurfacing streets, preserving park facilities, and rehabilitating public structures. The Department also meets the environmental needs of Pittsburgh residents by collecting residential refuse and recyclables. It also ensures public safety by responding to weather-related emergencies such as flooding, land subsidence, snow and ice storms, and other disasters.

What Your Government Does
City government must ensure that adequate services are being provided to City residents and businesses in order to maintain its economy. A large portion of the City’s budget provides for police, fire protection, and emergency medical services, as well as, public works projects such as resurfacing streets, maintaining roads and collecting garbage.

Citiparks
Citiparks, Pittsburgh’s Department of Parks and Recreation, is responsible for promoting and operating many of the City’s recreational, educational and cultural programs. Citiparks operates all of the City’s swimming pools, spray parks, community and senior recreation centers, the Schenley Oval Sports Complex, Schenley Park Ice Rink and the Mellon Park Indoor Tennis Center.

City Planning
City Planning is responsible for ensuring that development projects are in compliance with the City’s neighborhood plans and applicable zoning regulations. Planning also makes sure that development projects are ADA (Americans with Disabilities Act) compliant, and conducts reviews of a project’s impact on traffic, storm water management, and the environment.

Controller
The Controller is an independently elected City-wide official and audits City departments and authorities. The Controller is also responsible for auditing City related expenditures, and making payment to City contractors.

Department of Finance/City Treasurer
The Department of Finance/City Treasurer is responsible for the collection and investment of operating cash of the City. Finance audits City revenues and bills and collects tax revenue, fees and charges. The Finance Department is also responsible for the investigation and auditing of revenue accounts.

Personnel & Civil Service Commission
The Department of Personnel and Civil Service Commission (DPCSC) is responsible for overseeing employment and staffing of the City of Pittsburgh government. DPCSC also manages education and training, and benefits and worker’s compensation for City employees.
A Year of Mixed Results
The previous sections of this document provided information on what we see everyday in the City. The remainder of this document will provide readers with the City's financial information for the year ended 2014. While the City has overcome large challenges in the past year, there is still much work to be done.

The City’s Cash Position
The City ended 2014 with a total fund balance of $183 million, an increase of $22.7 million from 2013. $53.7 million of the $183 million is the “unassigned fund balance” which is available for City government to spend. The $22.7 million increase from 2013 is largely due to 2014 borrowings.

Long-Term Debt
In 2014 the City reduced its debt by $7 million to $558 million. This 2014 reduction in debt is less than previous years due to the 2014 borrowings to be used for future capital projects. Even with this reduction, long-term debt continues to be a problem in moving Pittsburgh toward sustained financial stability.

Challenges Ahead
Pittsburgh’s Population
Over the past few decades, the City has experienced a significant decline in population, losing about half of its population during a 30-year time period. Not surprisingly, the City’s tax base has decreased along with its population. However, over the past several years, Pittsburgh’s population loss has stabilized. Even with this stabilization, the Pittsburgh Public Schools continue to see declines in enrollment. It is increasingly important for government officials to make Pittsburgh an attractive place where people want to live and do business.

Pension Funding
The most immediate challenge faced by the City is securing funding for the City’s Comprehensive Municipal Pension fund. In 2011, the City began dedicating a portion of the City’s parking tax revenue to the pension fund. In each of 2014 and 2013, the City contributed $13.4 million in parking tax revenue to the City’s pension fund. The City will contribute $13.4 million in parking tax revenue every year through 2017 and $26.8 million per year from 2018 through 2041. Despite having the parking tax as a source of revenue, the fund remains significantly underfunded and will require additional funding commitments and cost reductions moving forward.

Aging Infrastructure
The City’s aging infrastructure is also a concern and must be addressed by City officials. According to the Department of Public Works, in 2014 the City paved approximately 39.32 miles of roads at a cost of $8.5 million. In addition to the miles of roads, the City maintains bridges, stairways, storm sewers and other systems and facilities that continue to age. During 2014, the City spent another $25 million to maintain these assets. Securing funding to upgrade and improve these assets will be critical in the years to come.

According to visiting University of Pittsburgh Professor Bob Reagan’s book about Pittsburgh’s bridges, as reported by WTAE Channel 4, “all together, a total of 446 bridges are in the City of Pittsburgh, officially the City with the most bridges in the world (29 of which span the rivers), three more than former world-leader Venice, Italy”.

The West End bridge is shown in the distance.
Where Our Money Comes From
Like all governments, the City must raise funds to pay for the services that it provides to its citizens and businesses. These sources of funds, referred to as revenue, are raised through grants, charges and taxes.

The revenues of the General Fund come from a variety of sources. Revenues received in 2014 and 2013 are as follows:

<table>
<thead>
<tr>
<th></th>
<th>2014</th>
<th>2013</th>
</tr>
</thead>
<tbody>
<tr>
<td>Real Estate Taxes</td>
<td>$127,354</td>
<td>$127,606</td>
</tr>
<tr>
<td>Earned Income Taxes</td>
<td>86,860</td>
<td>84,103</td>
</tr>
<tr>
<td>Payroll Preparation Taxes</td>
<td>55,972</td>
<td>54,151</td>
</tr>
<tr>
<td>Parking Taxes</td>
<td>53,233</td>
<td>51,977</td>
</tr>
<tr>
<td>Other</td>
<td>75,962</td>
<td>73,391</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$399,381</strong></td>
<td><strong>$391,228</strong></td>
</tr>
</tbody>
</table>

Total General Fund revenues increased approximately $2.8 million or by 10.6%, from 2013 to 2014. The net increase of $8 million in tax revenue was mostly due to increases of $3 million in earned income tax, and $5 million in other taxes. All other taxes were relatively stable. During 2012, there was a court-ordered re-assessment in Allegheny County which prompted the City to enact an anti-windfall millage reduction, and increase the Homestead exemption causing a decrease in Real Estate tax collections for the year 2013.

Major Taxes Assessed by the City
The following are the descriptions of the major types of taxes the City levies:

Real Estate Taxes
Real estate taxes are imposed on most property in the City as assessed by the Allegheny County Board of Property Assessment, Appeals and Review. The 2014 rate was 7.56 mills on buildings and land.

Earned Income Taxes
This tax is levied at a rate of 1% on the wages or net profits earned by City residents. The City also receives a portion of the Earned Income Tax assessed by the Pittsburgh Public Schools equal to .25%.

Payroll Preparation Taxes
This tax is imposed on all for-profit employers at a rate of 0.55% of the total wages of all employees who work in the City.

Parking Taxes
A tax equal to 37.5% of the consideration paid for each parking transaction is levied on the patrons of non-residential parking places in the City.

Other
Other taxes assessed by the City include the Amusement Tax, the Deed Transfer Tax, the Institution Service Privilege Tax, the Local Services Tax and the Facility Usage Fee.
Where Your Money Goes

Once the City collects taxes and other revenues, the funds must be spent efficiently to provide services to the citizens and businesses of the City. As this section will further detail, the City provides a variety of services to its residents and businesses.

Once again, because the General Fund finances the regular day-to-day operations of the City, this will be our primary focus.

During the years ended December 31, 2014 and 2013, the City expended its funds as shown below. The per capita amounts represent the amount that the City expended on each type of service per resident, while the aggregate represents the total amount spent.

General Fund expenditures increased by 5% from 2013 to 2014. This increase is mainly due to a more conservative estimate of potential legal claims and judgments, and the usual increase in city employee health and benefit costs.

The expenditures of the General Fund are classified by the type of service provided. Below is a summary of the function and the types of departments within that function reported below.

### General Fund Expenditures (in thousands)

</table>

* Expenditures per capita represents aggregate expenditures divided by 2010 population.

**General Government** expenditures are related to the administration of the City's affairs. These expenses include the costs of all elected officials as well as City Information Systems, Finance Department and Law Department, among many others.

**Public Safety** expenditures represent the Emergency Medical Services, Bureau of Police, Bureau of Fire, Building Inspection and Animal Control.

**Public Works** expenditures include administration, transportation and engineering and street and parks maintenance.

**Environmental Services** expenditures include garbage collection and recycling services within the public works department.

**Community, Recreational and Cultural** expenditures are the costs of the Department of Parks and Recreation.

**The URA Subsidy** is the City's subsidy to the Urban Redevelopment Authority.

**Other** expenditures include all amounts that are not included in the categories above.

The cultural diversity of Pittsburgh’s population is another plus, making Pittsburgh a great place to live, work, and enjoy cultural pursuits.
Revenue vs. Expenditures (in thousands)

The following table summarizes the revenue and expenditure activity of the City's General Fund for the year ended December 31, 2014. It illustrates that the General Fund paid for all of the day-to-day operations of the City and contributed $87 million to pay the City's bonded debt and $25.5 million for Capital Projects.

GRANTS

During 2014, the City received a majority of its $79 million in grant revenues from the Federal Government, the Commonwealth of Pennsylvania and Allegheny County. Under the terms of the grant agreements, the City must use the grant revenue to fulfill a specific purpose. As such, the City's discretionary use of grant awards is limited, as all grant monies received must be used to fulfill the grant's purpose. The City received and expended grants related to pension aid, economic development and road maintenance, among others, during the year ended December 31, 2014.
The City’s Assets, Deferred Outflows of Resources & Liabilities

So far we have focused on where the City’s money comes from and where the City’s money goes. This focus is beneficial in understanding the flow of current financial resources. When we look at the overall financial condition of the City, it is better to use the full accrual basis of accounting, which is similar to the basis of accounting used in the private sector. This allows us to consider all assets, deferred outflows of resources, liabilities, revenues and expenses of the City.

Net Position

The following schedule is intended to demonstrate the difference between the City’s assets, deferred outflows of resources and liabilities as of December 31, 2014:

Our Assets — What We Have

Unrestricted Current Assets consisting mainly of cash and amounts owed to the City $234,095,586
Net Pension Asset 91,222,406
Net Capital Assets consisting primarily of buildings, equipment and vehicles 140,534,835
Total Assets $ 465,852,827

Deferred Outflows of Resources

$ 6,183,610

Our Liabilities — What We Owe

Current Liabilities consisting of all the amounts the City owes and expects to pay in 2015, except for bonds and loans $ 82,307,298
Amounts the City owes and expects to pay after 2015, except for bonds and loans 253,469,577
Amount of bonds and loans payable 558,081,184
Total Liabilities of the City $ 893,858,059

Deficit in Net Position $(421,821,622)

The City has a total net deficit of approximately $421.8 million. This imbalance has accumulated over the years as a result of the demographic shifts of residents out of the City and the decline of heavy manufacturing in the region. The largest components of the deficit are bonds issued over time in an effort to meet the funding requirements of the City’s Pension Trust Fund, borrowings related to financing economic development efforts and maintenance and equipment expenditures on City infrastructure.

Municipalities Financial Recovery Act

In November 2003, the City sought municipal self-help as a “financially distressed” municipality under the Municipalities Financial Recovery Act (“Act 47”). The Act 47 Coordinators of the City issued their Recovery Plan on June 11, 2004, which was adopted by City Council on June 29, 2004. On June 30, 2009, City Council adopted the amended Recovery Plan, making it a City Ordinance, which further provides areas for revenue enhancements and expenditure reductions. This plan called for both expenditure cut backs and proposed a new revenue structure.

Expenditure reductions and controls enacted by the City included a temporary City-wide salary freeze, a reduction in public safety costs achieved primarily through renegotiation of certain labor contracts, a reduction to the budget of each elected official and regular reporting requirements that verified adherence to the plan’s budget.

In November 2012, the Act 47 Coordinator for the City recommended that the Secretary of DCED rescind the City’s status as a financially distressed municipality. On March 13, 2014 the Governor denied the request for the removal of Act 47 and stated that Pittsburgh had not made enough progress. The Act 47 coordinators drafted a third, five-year recovery plan, which will budget spending for years 2014-2019. The plan will limit how the city will spend its money including negotiations with unions.

On December 31, 2014, the 2015 Operating and Capital Budgets and Five-Year Financial Forecast and Performance Plan were submitted to and subsequently approved by the Act 47 coordinators and ICA oversight committee. There were no significant changes from the initial five-year plan.
The City's Net Position

In essence, a negative net position balance, or a deficit, means that the City's liabilities exceed its assets and deferred outflows of resources. While this demonstrates that there is an imbalance between the assets, deferred outflow of resources and liabilities of the City, it should be noted that the City has made a significant effort in improving its financial situation. In 2014, the City's deficit decreased from approximately ($423.8) million to ($421.8) million.

Changes in the City's Net Position

The changes in the net position of the City are the total revenues of the City in excess of the total expenses of the City. This number is important because when revenues exceed expenses, the City's deficit decreases making the City better off financially. As a demonstration of the City's efforts under Act 47, since 2003, the City has decreased the deficit by approximately $294 million. In 2014, as a result of revenues exceeding costs, the City has reduced their deficit by approximately $2 million.
The Outstanding Bonds

A major liability of the City is the amount of bonds outstanding. The City’s total bond issuances outstanding as of December 31, 2014 equal approximately $558 million. Over the past five years, the City has paid off approximately $381 million of outstanding debt, including refundings.

The City’s Bond Debt ratings are Moody’s A1, Fitch A and Standard & Poor’s A+ as of December 31, 2014.

The City’s Debt Service Fund

The City maintains a separate fund to account for the cash reserves and principal and interest payments of the City’s bonded debt. The activity that occurred throughout the year is presented below:

| Beginning Fund Balance in the Debt Service Fund | $1,092,246 |
| Debt Service Revenues | 52,830 |
| Principal Payments | (56,705,000) |
| Interest Payments | (30,295,546) |
| Transfer from General Fund | 87,000,546 |
| Ending Fund Balance in the Debt Service Fund | $1,145,076 |

Bonded debt per capita represents outstanding bonds divided by 2010 population.
