

THIS COULD BE YOUR FINEST HOUR.

Kids in middle school need to be heard. To be encouraged. To be challenged.

In other words, they need a mentor like you. United Way's Be A Middle School Mentor offers thousands of students a chance to regularly engage with an adult to help guide them through this challenging time of life.

Thanks to our mentors:

- Nearly **3,000** students in the Pittsburgh and Southwestern Pennsylvania area have been matched with a mentor since 2009.
- Attendance is up: **91% of students** in our program achieve a **90% school attendance rate**. Plus, they show more enthusiasm for school programs.
- **More students become eligible for Pittsburgh Promise Scholarships.**

As a mentor, you'll be trained and matched with a middle schooler who would benefit from your experience and guidance. By committing just one hour a week at one of our participating schools, you'll be making a lasting impact on a young persons life.

Find out more about becoming a mentor. Contact Kathy Rodriguez at kathy.rodriguez@unitedwayswpa.org or **412-456-6822**.

Or visit uwsdpa.org/be-a-middle-school-mentor to see how you can turn one hour a week into a lifetime of positive impact.

Wherever you are, there's a participating middle school nearby.

North Side

Pittsburgh Allegheny
