SURVEY QUESTIONS

COMMUNITY EVENT #3 SURVEY: PARK FEATURES

1. We have heard from many community members that they feel unsafe at times in the park. Do you feel that the proposed added lighting and access points and other park improvements will create an atmosphere that people feel safe in?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

I feel safe in the park. I hope improvements will be appreciated

2. The park office building has a lot of potential, but isn't used or maintained. If this could change, do you think you would use the bathrooms or an added concessions stand for football games and other events?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

3. There has been interest in a community garden, compost and apiary in the park. Do you think this is located in an area that is easily accessible by the community?

Yes No Is there a better location?

but the apiary needs to be moved away from parking + the garden

4. We have heard that the current upper ball field does not get much use. Does the proposed transformation to a multiuse football & soccer rectangular field seem like a good idea? Can you see this field receiving interest from teams around the West End?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

I will not likely use a ballfield, but others will. west side is a more inclusive term.

5. This field is accompanied by a flexible event seating area meant to be used for not only games, but other large events that could take place on the field. Do you think this is a good idea?
(Circle one and explain if you'd like)

Yes, this is great for music and other events I can't think of many uses other than football, but maybe Nobody will use that

6. There are many amenities close to each other at the bottom of Sheraden Park that currently don't get much use. We have proposed rearranging some existing park elements and adding new amenities. Did we get each element in this area right?
(Circle one and explain)

Basketball: This is a better spot / I like where it is now
Skate Park: This is a better spot / I like where it is now
Nature Play Area: I like this idea / I like the one we have
Volleyball: I like this idea / I don't like this

N/A N/A

Sand courts are high maintenance?

7. A primary feature of this master plan is the forest embankment slide that we have heard a lot of excitement about. Do you have any concerns about this feature or suggestions about how to make it better?
(Circle one and explain)

No concerns, it looks great! This looks unsafe This looks harmful to the forest I don't think this will be used much

N/A

It is important that the main area of Sheraden Park from the bathrooms to the boardwalk be accessible and easily navigable by an individual using mobility aids like a wheelchair. Sheraden residents should not have to drive to the Rocks, park there, and cross the pedestrian bridge to access the boardwalk from the opposite side.

ADA playground facilities are also needed + important, especially considering the focus on the ADA accessible garden. Access for all!

COMMUNITY EVENT #3 SURVEY: PARK FEATURES

1. We have heard from many community members that they feel unsafe at times in the park. Do you feel that the proposed added lighting and access points and other park improvements will create an atmosphere that people feel safe in?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

HOODLUMS WILL BE TARGETING THE LIGHTS. WILL WORK FOR AWHILE.

2. The park office building has a lot of potential, but isn't used or maintained. If this could change, do you think you would use the bathrooms or an added concessions stand for football games and other events?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

LOTS OF MAINTENANCE WILL OCCUR, BUMS IN THERE SLEEPING, NOT USE W/O A BUDDY

3. There has been interest in a community garden, compost and apiary in the park. Do you think this is located in an area that is easily accessible by the community?

Yes No Is there a better location?

MAKE THE PARK A PARK, NOT A PLACE FOR KIDS TO BE YELLED AT

4. We have heard that the current upper ball field does not get much use. Does the proposed transformation to a multiuse football & soccer rectangular field seem like a good idea? Can you see this field receiving interest from teams around the West End?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

ONLY FOR FOOTBALL - IT GOT USED FOR GIRL'S SOFTBALL A LOT.
5. This field is accompanied by a flexible event seating area meant to be used for not only games, but other large events that could take place on the field. Do you think this is a good idea?
(Circle one and explain if you'd like)

Yes, this is great for music and other events

I can't think of many uses other than football, but maybe

Nobody will use that

6. There are many amenities close to each other at the bottom of Sheraden Park that currently don't get much use. We have proposed rearranging some existing park elements and adding new amenities. Did we get each element in this area right?
(Circle one and explain)

Basketball
This is a better spot

Skate Park
This is a better spot

Nature Play Area
I like this idea

Volleyball
I like this idea

I like where it is now

I like where it is now

I like the one we have

I don't like this

NEED TO DISCUSS MORE

7. A primary feature of this master plan is the forest embankment slide that we have heard a lot of excitement about. Do you have any concerns about this feature or suggestions about how to make it better?
(Circle one and explain)

No concerns, it looks great!

This looks unsafe

This looks harmful to the forest

I don't think this will be used much

LOOKING FOR LAW SUITS? THIS WILL GET ABUSED. & TURNED TO JUNK.

WISH I KNEW THIS WAS MOSTLY DETERMINED.

I REALLY CAN'T COMMENT TOO MUCH SINCE I DON'T KNOW DETAILS ALREADY DISCUSSED. THINGS MOST TO WORRY ABOUT ARE:

ACCESS - TRAFFIC FLOW IN SURROUNDING AREAS & SAFETY - PEOPLE DRIVE OUT OF THE PARK VERY OFTEN WITH NO REGARD TO SAFETY

SECURITY - HOW TO KEEP KIDS & ALL SAFE FROM UNWANTED ADVANCES
HINDER DRUG USERS IN THE PARK

DUMP BIKE ONLY ROADS. KIDS WILL BE PLAYING & SAFETY WILL BE AN ISSUE

SURVEY QUESTIONS

COMMUNITY EVENT #3 SURVEY: PARK EXPANSION & CIRCULATION

1. A primary feature of this master plan to connect Sheraden Park to McGonnigle and Tuxedo Parks with a system of trails. Do you feel like this park expansion will help to give community members better access and more reason to use the parks?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

2. We have heard from residents that there is currently not enough parking in the park. This plan proposes additional and rearranged parking in multiple areas. What do you think?
(Circle one and explain if you'd like)

Great, we need more parking, there are never enough spots
This will be good for large events, but nothing else
We don't need any more parking

NOT A MAJOR CONCERN

3. We have heard that it is hard to get around the park due to lack of road connectivity. This plan addresses that by connecting Adon St. and Surban St. within the park. Do you think this will give all Sheraden residents equal opportunities to access the park?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

4. Sheraden Park is currently hard to walk or bike into. Do you think the addition of designated bicycle lanes around the neighborhood and into the park is a good idea?
(Circle one and explain if you'd like)

Yes! It is especially important to connect bikes to downtown and McKees Rocks
It think these bike lanes will get some use
I don't think many people will use these

NO BIKE SHOULD BE ALLOWED ON PATHS

5. A primary feature of this master plan is to connect Sheraden with the water and all of the potential that Chartiers Creek has to offer. To do this, we have proposed free kayak rentals, a boat launch, a creek side board walk and flexible activity spaces along the creek. What do you think?
(Circle one and explain if you'd like)

All of these features will get a lot of use
I think some of these things will get used occasionally
The creek is too far away. Nobody will go down there

6. We have heard from Sheraden residents that they want better access to the commercial district in McKees Rocks. McKees Rocks residents also want access to a green space like Sheraden Park. A primary feature of this master plan is to connect Sheraden with McKees Rocks with a pedestrian bridge that crosses Chartiers Creek. How do you feel about this?
(Circle one and explain if you'd like)

It's a great idea! This will bring so many more people into the park.
I think this needs to be a vehicular bridge so people can park on the Sheraden side.
This could be a good idea, but I think the bridge is in the wrong location

PLEASE ADD ADDITIONAL COMMENTS ON THE BACK!

COMMUNITY EVENT #3 SURVEY: PARK EXPANSION & CIRCULATION

1. A primary feature of this master plan to connect Sheraden Park to McGonnigle and Tuxedo Parks with a system of trails. Do you feel like this park expansion will help to give community members better access and more reason to use the parks?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

we would love more marked hiking

2. We have heard from residents that there is currently not enough parking in the park. This plan proposes additional and rearranged parking in multiple areas. What do you think?
(Circle one and explain if you'd like)

Great, we need more parking, there are never enough spots
This will be good for large events, but nothing else
We don't need any more parking

current parking areas are usually empty.

3. We have heard that it is hard to get around the park due to lack of road connectivity. This plan addresses that by connecting Adon St. and Surban St. within the park. Do you think this will give all Sheraden residents equal opportunities to access the park?
(Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

this will be helpful but will need speed humps or other traffic calming

4. Sheraden Park is currently hard to walk or bike into. Do you think the addition of designated bicycle lanes around the neighborhood and into the park is a good idea?
(Circle one and explain if you'd like)

Yes! It is especially important to connect bikes to downtown and McKees Rocks
It think these bike lanes will get some use
I don't think many people will use these

resident + bike commuter. this is an absolute, must to bring west side into the future. We need complete streets!

5. A primary feature of this master plan is to connect Sheraden with the water and all of the potential that Chartiers Creek has to offer. To do this, we have proposed free kayak rentals, a boat launch, a creek side board walk and flexible activity spaces along the creek. What do you think?
(Circle one and explain if you'd like)

All of these features will get a lot of use
I think some of these things will get used occasionally
The creek is too far away. Nobody will go down there

these are beautiful. thank you. planting them properly will be important. minimize invasive species.

6. We have heard from Sheraden residents that they want better access to the commercial district in McKees Rocks. McKees Rocks residents also want access to a green space like Sheraden Park. A primary feature of this master plan is to connect Sheraden with McKees Rocks with a pedestrian bridge that crosses Chartiers Creek. How do you feel about this?

It's a great idea! This will bring so many more people into the park.
I think this needs to be a vehicular bridge so people can park on the Sheraden side.
This could be a good idea, but I think the bridge is in the wrong location

wayfinding & beautification will make this a HUGE community resource.

→ slope issues? the creek banks are uneven

Definitely Probably Not Sure Not much Not at all

Honestly anything would help but the proposals are great!

*- More police patrolled.
- BAN Motorbikes
- 24 hour lighting
- BAN hunting in park*

2. The park office building has a lot of potential, but isn't used or maintained. If this could change, do you think you would use the bathrooms or an added concessions stand for football games and other events? (Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

Why not use it?

3. There has been interest in a community garden, compost and apiary in the park. Do you think this is located in an area that is easily accessible by the community?

Yes No Is there a better location?

But keep the current community garden at the school.

4. We have heard that the current upper ball field does not get much use. Does the proposed transformation to a multiuse football & soccer rectangular field seem like a good idea? Can you see this field receiving interest from teams around the West End? (Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

This field was used a lot before the storm sewer project.

5. This field is accompanied by a flexible event seating area meant to be used for not only games, but other large events that could take place on the field. Do you think this is a good idea? (Circle one and explain if you'd like)

Yes, this is great for music and other events I can't think of many uses other than football, but maybe Nobody will use that

6. There are many amenities close to each other at the bottom of Sheraden Park that currently don't get much use. We have proposed rearranging some existing park elements and adding new amenities. Did we get each element in this area right? (Circle one and explain)

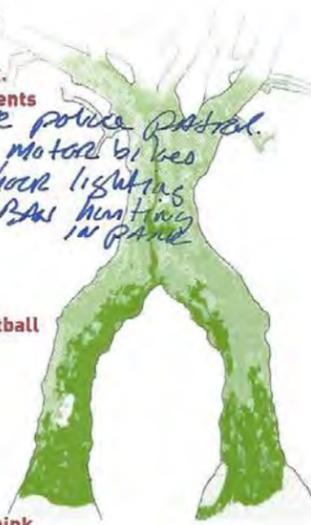

Basketball This is a better spot ✓
Skate Park This is a better spot ✓
Nature Play Area I like this idea ✓
Volleyball I like this idea ✓

I like where it is now I like where it is now I like the one we have I don't like this

7. A primary feature of this master plan is the forest embankment slide that we have heard a lot of excitement about. Do you have any concerns about this feature or suggestions about how to make it better? (Circle one and explain)

No concerns, it looks great! This looks unsafe This looks harmful to the forest I don't think this will be used much

AWESOME idea!

COMMUNITY EVENT #3 SURVEY: PARK FEATURES

1. We have heard from many community members that they feel unsafe at times in the park. Do you feel that the proposed added lighting and access points and other park improvements will create an atmosphere that people feel safe in? (Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

2. The park office building has a lot of potential, but isn't used or maintained. If this could change, do you think you would use the bathrooms or an added concessions stand for football games and other events? (Circle one and explain if you'd like)

Definitely Probably Not Sure Not much Not at all

3. There has been interest in a community garden, compost and apiary in the park. Do you think this is located in an area that is easily accessible by the community?

Yes No Is there a better location?

Apiary should not be close to parking (vandalism) bees can travel.
