

## OneStopPGH COVID-19 Updates

# Important Update Concerning Temporary Inspection Procedures:

Under [Governor Wolf's Executive Order to address the COVID-19 pandemic](#), the City of Pittsburgh Department of Permits, Licenses, and Inspections (PLI) is allowing for limited remote inspection technologies to ensure inspector safety and maintain adequate social distancing. For more information about what construction work can be performed under Governor Wolf's Executive Order, please see this [memo](#) for guidance.

You are receiving this email because you are or were an active permit holder in the City of Pittsburgh. Please follow the guidance below to download WhatsApp to accommodate remote inspection; this free application allows for a video call through mobile devices. Inspectors will advise you as to whether a remote inspection is required on a case-by-case basis.

Please note that all of our inspectors have iPhones. You may FaceTime with the inspectors instead of using WhatsApp. For more information about how to use FaceTime, please follow this [link](#). If you do not have an iPhone, please click the button below and follow the steps in the instructional document.
